M.B.A

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

Master of Business Administration (MBA)

Semester – II University Examination May 2010

MB 721 Human Resource Management

Date: 17.05.2010, Monday **Time: 12:30P.M. to 3:30P.M.** **Maximum Marks: 70**

Instructions:
1. This paper contains six questions, of which the last one is a case analysis
2. All questions are compulsory.
3. Each of the first five questions will carry 10 marks and the last case analysis will carry 20 marks

Q-1 Suppose you are manager of the Account Receivables unit in a large company. You are switching to a new system of billing and record keeping and need to train your supervisors and thirty two employees in the procedures. What training methods would you use? Why? (10)

Q-2(a) "A well-thought out orientation program is essential for all new employees, whether they have experience or not." Explain the validity of this statement. (5)

(b) List down the criteria for selecting an Expatriate Manager for an MNC in Singapore. (5)

Q-3(a) You are a Recruitment manager of your Company and you have to recruit ERP Professionals. What factors will you consider before recruitment and what strategy will you adopt? (5)

(b) What is the need for Job Analysis? Prepare a Job Analysis for the post of a Team Leader in a BPO organization. (5)

Q-4 What are the components of compensation? What factors will you consider while designing a compensation package for the Project Manger of a Construction Company? (10)

Q-5 Explain Bedaux Method and calculate compensation of Mr.Ram with Bedaux Method: (10)

Standard Time = 12 hrs
Rate per hour = Rs. 2

Case (i)
Actual Time = 8.5 hrs
Case (ii)
Actual Time = 9 hrs

Q-6 **Read the Given Case and Analyze it from HRM Perspective.** (20)

Workmen's Compensation

Mr.Nandkishore is a workman employed in the dispatch department of a cement factory. The factory is located in one of the towns of a politically sensitive state. It employs about 1,500 employees besides the managerial staff. The annual turnover of the company is around Rs.150 crores and its capacity utilisation is 75 percent.

M.B.A

The factory has three unions besides a security staff association ... management association. For eight years, only one union has been recognized, o... the basis of its "claim" that it has the largest following of workman. Continued recognition of a single union led to strained relations between the two unrecognized unions and the management and also among the unions themselves.

Mr.Nandkishor is an office bearer of one of the unrecognized unions. The industrial relations situation in the factory has been fluctuating from periods of harmony to periods of disturbances.

On December 10, 1988, Mr. Nandkishore fell down from the ladder, while working during the second shift. The accident resulted in serious injury to his right arm. He was admitted in a government hospital for treatment. An accident report was sent to the commissioner under Workmen's Compensation Act, to determine the amount of compensation, if any, to be paid to Mr.Nandkishore for the loss, and payment of any advance to the injured workman for covering medical expenses. It also stated that the above amount may be deducted from the compensation which Mr.Nandkishore may get, according to the commissioner's decision. The management paid Rs.3, 000 as advance, after obtaining a written undertaking from the union that this amount will be deducted from the compensation payable. The union also agreed to this condition. It also arranged for the release of Rs.2,000 from the Labour Welfare Fund.

The medical officer treating the workman submitted a report in February 1989.The medical report did not mention any kind of disablement (Full/Partial, Temporary/Permanent) to the workman. The commissioner, after processing the case and studying the report, ruled that the workman, Mr.Nandkishore shall be paid only half-monthly wages for these two months against his request for compensation as there was no permanent or partial disablement.

On receipt of this report from the commissioner, the management asked the workman to repay Rs. 3,000 given as an advance and requested the union to do the needful in this regard. The union, however, contended that since the accident occurred during and in the course of employment, the management must treat it as exgratia payment and that it should not demand its repayment as the money was used for treatment. The management, however pointed out that at the time of taking advance, both the union and workman had agreed that this amount will be recovered from the compensation payable and since no compensation is payable, the workman should pay back the advance. The management further pointed out that it cannot waive the recovery of the above advance as it is bound by the rules.

The union however insisted that management should not proceed with the recovery of advance from the workman. The management also heard rumours that the said union may stage a "show down" over this issue.

Questions

1. What is the problem in the case?
2. Analyze the causes which led to the problem.
3. How should one deal with such a situation?
