(DEPSTAR)**

AICTE Approved Institute

DEPARTMENT OF COMPUTER ENGINEERING

About Charotar University of Science and Technology (CHARUSAT)

Charotar University of Science and Technology (CHARUSAT) has been conceived by Shri Charotar Moti Sattavis Patidar Kelavani Mandal. It is a not-for-profit premier education trust of India having a social lineage of more than 125 years. CHARUSAT has been established by promulgation of the Gujarat Private University Act, 2009. It is empowered to confer degrees under Section 22 of the UGC Act, 1956. Presently, CHARUSAT offers 72 programs from UG to Ph.D. under the wing of 9 Institutes, 5 Centers/Cells and 6 Faculties. They are in the associated disciplines of Technology & Engineering, Pharmacy, Computer Applications, Management Studies, Applied Sciences, Nursing, Physiotherapy and other Paramedical Sciences.

About Devang Patel Institute of Advance Technology and Research (DEPSTAR)

Devang Patel Institute of Advance Technology and Research (DEPSTAR) is a constituent of CHARUSAT. The institute is managed through a think tank of technocrats, administrators, scientists and engineers, educationalists, businessman, stakeholders and other well-wishers from all parts of the world. DEPSTAR is patronized by IPCO Industries, headed by Philanthropist and Industrialist Shri Devang Patel. The institute envisions being a forerunner in teaching and research in advanced technologies. For this in years to come, it will be an institute with advanced Infrastructure, distinguished staff, networking with global Institutes and Implementing the most modern processes.

Vision

"To emerge as an eminent research driven entity in Education in the field of Computer Engineering to meet the needs of the fast-paced modern society."

Mission

"To develop competent and responsible Computer Professionals for amelioration of the society at large."

Bachelor of Technology (B. Tech) Program

Computer Engineering

120 Seats

Achievements of Department

- Got the "Upcoming Student Branch Award 2020" by IEEE Gujarat Section for the year 2020 for its consistent contribution to the field of advanced technologies.
- Received grant of ₹ 10,000/- from GUJCOST for organizing the State Seminar on "Data Science Applications for Boosting of Indian Economy in Current Pandemic Situation".
- Received grant of ₹ 15,000/- from GUJCOST to organize a National level FDP on "Recent Trends and Advancements in ANN: Deep Learning"
- Girls' students' team were the Champions in Basketball event in Spoural – 2022, organised by Charotar University of Science and Technology.
- Girls' students' team were the Runners Up in Tug of war, Volleyball and Cricket in Spoural – 2022, organised by Charotar University of Science and Technology.
- Kedar Jani, Himani Shah and Mulani Komal were the winners of Dumb Charades in Spoural-2022, organised by Charotar University of Science and Technology.
- Hitarath Shah was the winner of Standup Comedy /Mimicry in cultural program of Spoural-2022, organised by Charotar University of Science and Technology.

Undergraduate/ Bachelor's Degrees Program

Computer Engineering

Computer Engineering deals with the design, implementation, and management of information system of both software and hardware processes. The jobs of Computer Engineers are projected to grow at twice the rate of all other jobs. By combining computer engineering and mathematics, computer engineers are able to solve hardware problems and create state-of-the-art machines.

Devang Patel Institute of Advance Technology and Research offers a blend of learning, amusement and integration of enduring principles. As a student of Department of Computer Engineering, it provides a wide arena of the field and thus I get to learn something new with every subject. The entire study environment makes it easy for a student to learn and inculcate the spirit to stand out amongst the talented and hard-working students. What amazes me is the plethora of extracurricular activities that the Institute offers hence compelling every student to explore and pursue his/her extra talents.

INFRASTRUCTURE

1.) Laboratories:

There are state-of-the-art laboratories in the institute. They are very well-equipped with desktop computers with latest configuration as Core i5/17 processor, 16GB RAM and the latest software. The Institute has super speciality labs like Data Mining & Big Data Analytics, IoT (Internet of Things), Cloud Computing, Machine Learning and Image Processing.

CHARUSAT Sophos Information Security Lab

The first SOPHOS information security lab is established in Gujarat. The lab is equipped with the latest security software, 2 High-End HP Servers – Dell ProLiant 390 and high-end configured PCs in collaboration with Sophos Security Pvt. Ltd. The students carry out their projects on information security in the SOPHOS lab.

Virtual & Augmented Reality Lab

The Virtual Reality Lab is the first of its kind lab established for higher education. This Lab is set up with 14 zSpace PCs including 3D Graphics and VR Software, a display of 24-inch HD LCD (1080p/120 Hz) with built-in tracking sensors, a stylus with 3 buttons and an integrated infrared LED.

Mobile Application Lab (MAC LAB)

The MAC lab is dedicated for implementing mobile application (iOS and Android) related projects. The lab is equipped with 20 iMac machines where students can get exposure to iOS desktop software and mobile application development. Every machine has the latest configurations such as core i5 -1.6GHz processor, 8GB RAM and 1TB hard disk. Installed software is X code, Android Studio.

Anita Devang Patel Ipcowala Center of Excellence in Artificial Intelligence (ADPICoE(AI))

Anita Devang Patel Ipcowala Center of Excellence in Artificial Intelligence (ADPICoE(AI)) is established in January 2021. The Anita Devang Patel Ipcowala Center of Excellence in Artificial Intelligence (ADPICoE(AI)) will encourage the development of an AI ecosystem and serves as a platform for intelligence-sharing and technology collaboration between stakeholders to build collective capabilities for the industry and academia in the cutting-edge areas artificial intelligence. It will facilitate state-of-the-art tech support with supercomputing facilities for prototyping in the areas of foundational AI, thematic areas such as language, speech, and vision, and application verticals such as retail, healthcare, transportation, manufacturing, climate studies, oil resource management, and gas resource management. Additionally, it will focus on areas of machine learning, AI in text and image recognition, deep learning, and chat or voice bots. The lab is set up with NVIDIA GPU Workstation. The configuration of GPU is Intel Xeon 2.4 GHz processor, GPU memory size – 16 GB, Hard Disk – 4TB, CPU memory size – 64 GB.

Students have a chance to work on a world fastest AI Machines “NVIDIA DGX STATION A100”.

2.) Common Rooms and Rest Rooms

3.) Outdoor and Indoor Sports facilities and Gymnasium

4.) Seminar Halls/Auditorium

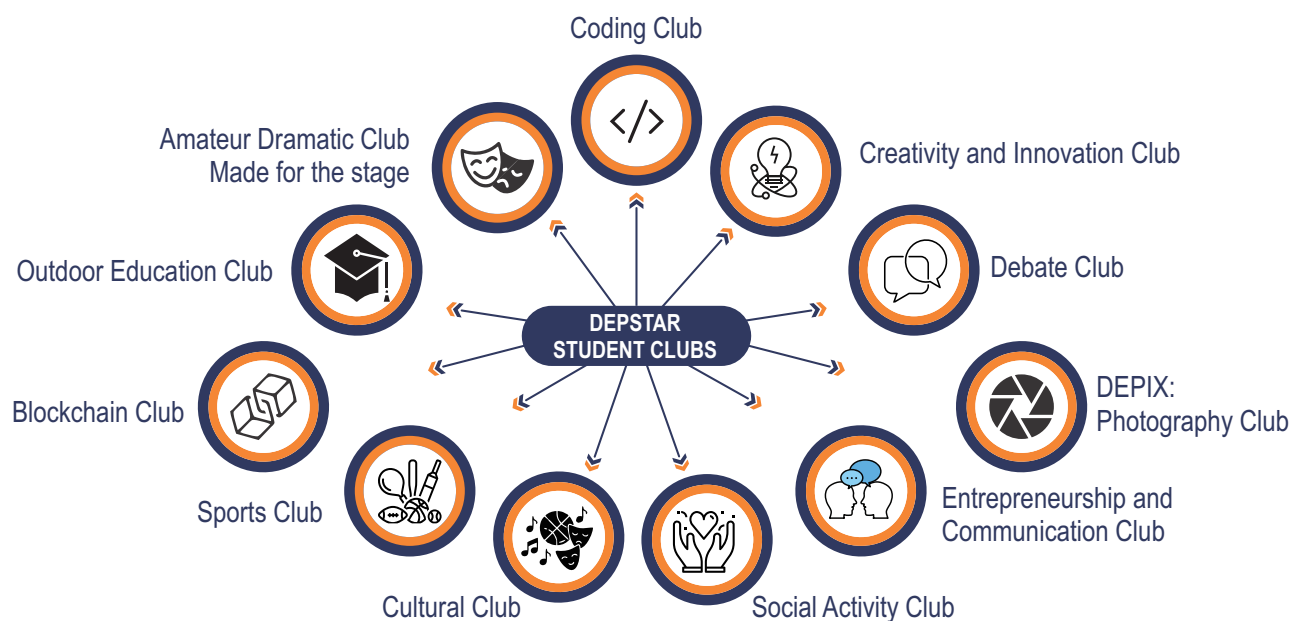

TEACHING AND LEARNING METHODOLOGIES

- Modern and Global Curriculum
- CBCS (Choice Based Credit System)
- Research-Based Learning
- Student-Centric Learning
- ICT Based Learning
- Group/Team Learning
- Peer to Peer Learning
- Project-Based Learning
- e-Learning
- Blended Learning
- Collaborative Learning

We are preparing the students for the challenges of today & tomorrow through career skills & behavior training.

STUDENT CLUBS

Staff Strengths and Achievements

The institute comprises dedicated, faithful and experienced staff members with adequate qualifications from various reputed institutions. Staff has also cleared various entrance exams like UGC-NET and GATE and are Gold Medalist from reputed universities. The majority of staff members are pursuing Ph.D. All the staff members are involved in active participation in various professional bodies like ACM, CSI and IEEE. Staff undergo industrial training in summer vacation to enhance their technical and practical knowledge.

- Dr. Dweepna Garg got the "Women Researcher Award" during International Scientist Awards on Engineering, Science and Medicine in the year 2021.
- Dr. Dweepna Garg and Mr. Janardan Bharvad received "CHARUSAT Research Award" on 22nd Foundation Day Celebration at CHARUSAT.
- Ms. Khushi Patel and Mr. Nilesh Kakade successfully cleared APTIS exam in the year 2021.
- Few staff members have published their research papers in reputed Scopus Indexed (Q1 & Q2) journals.

Students' Achievements

- Kamal Kakadiya (Batch 2017-2021) secured an all India rank 69 in GATE 2021.
- Shailee Sheth (Batch 2017-2021) got placed (off-campus) at GeekSoft Consulting, Netherland with a package of 38.4 LPA.
- Jeet Undaviya, Raj Soni, Tanmay Damle (Batch 2019-2023) were declared as winners in Hackathon-2022, organized by DEPSTAR, CHARUSAT.
- Kricy Gundarania (Batch 2019-2023) got second rank in Hackathon -2022, organized by DEPSTAR, CHARUSAT.
- Rutu Joshi, Rahil Shah and Harsh Hariramani (Batch 2017-2021) cleared IELTS exam with 7.5 band.
- Vismay Patel and Neel Sojitra (Batch 2017-2021) secured 315+ score in GRE.

Student-Centric Support

- Industrial visits are planned for the students twice a year to make them aware of the industrial environment.
- Students are provided support to prepare and appear for various competitive exams, like TOEFL, GRE, GATE, CAT, IELTS.
- Use of NPTEL, COURSERA, Google Classroom, SWAYAM, edX, Microsoft Teams, Moodle and Edmodo is done for holistic development of students.
- Career Development and Placement Cell guides the students throughout their study years for the betterment of their career.
- There is a Women Development Cell for encouraging women empowerment.
- Activities are conducted with the support of the Alumni Association and Parent-Teacher Association.
- A health checkup once a year is scheduled in association with CHARUSAT Healthcare and Research Foundation (CHRF).
- The students are counseled and encouraged in the areas of Academic, Social, and Personal Matters through a structured Student Wellness Program assisted by Clinical Psychologist.
- The University and Institute organize technical and non-technical festivals like SPOURAL and Cognizance respectively for the holistic development of the students.
- Students are provided with an opportunity to avail UG Student Fellowship (UGSF) under the supervision of staff members.

Endowment Chair

Title: "Data Structure and Algorithms"

Dr. Yelleshpur Narayana Srikant

Professor,
Department of CSA,
Dean, Faculty of Engineering,
Indian Institute of Science (IISc), Bangalore

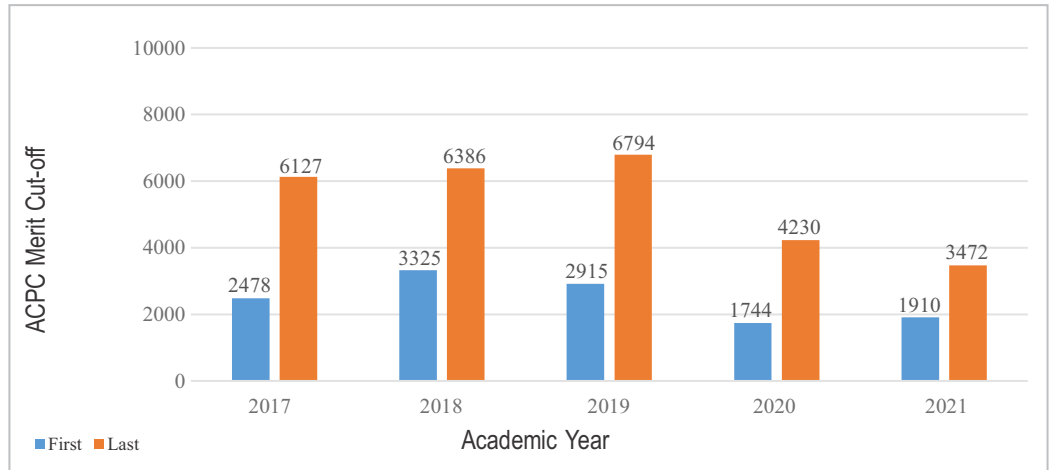

My experience at DEPSTAR is great and memorable. The faculty members of DEPSTAR helped me enhance my academic and interpersonal skills. I am thankful to all the staff members of DEPSTAR for motivating me on a regular period. Also, DEPSTAR gave me an opportunity to meet a different kind of people from around the world and learnt many things from them. Currently, I am pursuing master's in computer science at IIT Bombay. At last, I want to say thanks to my parents, mentors, and friends for giving me a supportive and motivating environment.

A high-quality education furnished with the latest technologies has grabbed the attention of many companies.

MAJOR RECRUITERS @CHARUSAT

Research Domains

1. Data Science
2. Artificial Intelligence/Machine Learning/Deep Learning
3. Image Processing
4. Internet of Things (IoT)
5. Advanced Computing (Cloud/Fog/Distributed and Parallel)
6. Information Security (Blockchain/Network & Cyber Security/Cryptography)
7. Augmented Reality & Virtual Reality

Opportunities in Computer Engineering

1. Information Systems Manager
2. Application Developer
3. Game Developer
4. Database Administrator
5. System Analyst
6. IT Consultant
7. Technical Author
8. Application Analyst
9. IT Sales Professionals
10. Social media manager
11. Software engineer
12. Network engineer
13. Digital Copywrite
14. SEO specialist
15. Data analyst
16. Web designer
17. Hardware engineer
18. Multimedia programmer

Opportunities of Computer Engineering in Government Sectors

1. Union Public Service Commission (UPSC)
2. Gujarat Public Service Commission (GPSC)
3. Bank IT Professionals
