

Department Strengths and Achievements

- DEPSTAR CSE outstood as “OVERALL CHAMPIONS OF CULTURAL EVENTS FOR SPOURAL-2022” with 4 winners' trophies and 4 runners-up trophies, summing up 8 event trophies and a shining overall cultural champion trophy.
- CSE Department Faculty members have published 32 journal papers, 34 conference papers and 17 book chapters till date.
- Faculty members have received Gujcost Grant for conducting Workshops.
- Faculty members has also cleared various entrance exams like UGC-NET and GATE and are Gold Medalist from reputed universities.
- The majority of staff members are pursuing Ph.D and having average 6+ years of experience
- All the staff members are involved in active participation in various professional bodies like ACM, CSI and IEEE.
- Staff undergo industrial training in summer vacation to enhance their technical and practical knowledge.
- Few staff members have received the best research paper award.

Students' Activities and Achievements

- Pritul Dave (Batch 2017-2022) and Arjun Chandarana (Batch 2017-2022) published a research paper entitled "An amalgamation of YOLOv4 and XGBoost for next-gen smart traffic management system" indexed in Scopus PeerJ Computer Science journal Q1,SCI,IF:3.09.
- Mann Patel (Batch 2018-2022) won National and International Events Clash of Code: University champion, Kaggle: G2Net Gravitational Wave Detection, Intel AI DevMesh '21 and Amazon ML Challenge.
- Aashka Patel (Batch 2018-2022) secured First runners up position at Gujarat State Senior Karate Championship 2021.
- Kushan Mehta, Nistasha Gupta and Mitanshu Bhatt (Batch 2017-2022) of the CSE Department were declared as the winner of “Smart India Hackathon 2020” organized by the Government of India.
- Mann Patel(Batch 2018-2022) of acclaimed a global rank of 244 in the “2020 ICPC Graph Mining Challenge” organized by ACM –ICPC.
- Kushan Mehta (Batch 2017-2022) secured a position among the top 25 in the final round of TCS-codevita worldwide.

Student-Centric Support

- Industrial visits are planned for the students twice a year to make them aware of the industrial environment.
- Students are provided support to prepare and appear for various competitive exams, like TOEFL, GRE, GATE, CAT, IELTS.
- Use of NPTEL, COURSEERA, Google Classroom, SWAYAM, edX, Microsoft Teams, Moodle and Edmodo is done for holistic development of students.
- Career Development and Placement Cell guides the students throughout their study years for the betterment of their career.
- There is a Women Development Cell for encouraging women empowerment.
- Activities are conducted with the support of the Alumni Association and Parent-Teacher Association.
- A health checkup once a year is scheduled in association with CHARUSAT Healthcare and Research Foundation (CHRF).
- The students are counseled and encouraged in the areas of Academic, Social, and Personal Matters through a structured Student Wellness Program assisted by Clinical Psychologist.
- Outdoor and indoor Sports and Gymnasium facilities available in the campus.
- The University and Institute organize technical and non-technical festivals like SPOURAL and Cognizance respectively for the holistic development of the students.
- Students are provided with an opportunity to avail UG Student Fellowship (UGSF) under the supervision of staff members.

Research Domains

1. Data Science
2. Artificial Intelligence/Machine Learning/Deep Learning
3. Image Processing
4. Internet of Things (IoT)
5. Advanced Computing (Cloud/Fog/Distributed and Parallel)
6. Information Security (Blockchain/Network & Cyber Security/Cryptography)
7. Augmented Reality & Virtual Reality

Opportunities in Computer Science and Engineering

- | | |
|--------------------------------|---------------------------|
| 1. Information Systems Manager | 10. Social media manager |
| 2. Application Developer | 11. Software engineer |
| 3. Game Developer | 12. Network engineer |
| 4. Database Administrator | 13. Digital Copywrite |
| 5. System Analyst | 14. SEO specialist |
| 6. IT Consultant | 15. Data analyst |
| 7. Technical Author | 16. Web designer |
| 8. Application Analyst | 17. Web Content manager |
| 9. IT Sales Professionals | 18. Multimedia programmer |

Opportunities of Computer Science and Engineering in Government Sectors

1. Union Public Service Commission (UPSC)
2. Gujarat Public Service Commission (GPSC)
3. Bank IT Professionals
4. Indian Army/ Indian Navy /DRDO /ISRO
5. PSU (ONGC, NTPC, BSNL etc.)

About Devang Patel Institute of Advance Technology and Research (DEPSTAR)

Devang Patel Institute of Advance Technology and Research (DEPSTAR) is a constituent of CHARUSAT. The institute is managed through a think tank of technocrats, administrators, scientists and engineers, educationalists, businessman, stakeholders and other well-wishers from all parts of the world. DEPSTAR is patronized by IPCO Industries, headed by Philanthropist and Industrialist Shri Devang Patel. The institute envisions being a forerunner in teaching and research in advanced technologies. For this in years to come, it will be an institute with advanced Infrastructure, distinguished staff, networking with global Institutes and Implementing the most modern processes.

	Vision of Institute "To be known as leading institute in the education and research by imparting knowledge which meets the requirements of digital age."
	Mission of Institute "To engender globally competent engineers for the betterment of society."

Why Choose Computer Science & Engineering?

The field of Computer Science & Engineering drives innovation throughout the country. The students need to acquire knowledge in fundamentals of different programming languages, linear and discrete mathematics, and software design and development. The students understand the logical province on which computers work and can create a program or operating system that meets customer requirements. This field helps the students to prepare themselves for the future wherein the knowledge about computer science and engineering is held in the top most position.

	Vision of Department "To make a leadership presence in Teaching- Learning and Research in the field of Computer Science & Engineering ."
	Mission of Department "To empower engineers with expertise and exposure to holistic development for solving the challenges of the technological era."

TEACHING AND LEARNING METHODOLOGIES

- | | |
|-------------------------------------|--------------------------|
| • Modern and Global Curriculum | • Peer to Peer Learning |
| • CBCS (Choice Based Credit System) | • Project-Based Learning |
| • Research-Based Learning | • e-Learning |
| • Student-Centric Learning | • Blended Learning |
| • ICT Based Learning | • Collaborative Learning |
| • Group/Team Learning | |

INFRASTRUCTURE

CHARUSAT Sophos Information Security Lab

- 2 High End HP Servers –Dell ProLiant 390
- 3 Manageable Switch and 5 LED TVs.

Mobile Application Lab (MAC LAB)

- APPLE iMAC 21"
- core i5 1.6 Ghz/8GB/1TB/Intel HD, Graphics 6000.

Seminar Halls/Auditorium

Augmented Reality and Virtual Reality Lab

- zSpace display: 24 inch HD LCD (1080p/120Hz) with built-in tracking sensors.
- Stylus with 3-buttons and integrated infrared LED.
- Polarized passive eyewear.

Anita Devang Patel Ipcowala Center of Excellence in Artificial Intelligence (ADPICoE(AI))

- NVIDIA DGX Station A100 (160 GB GPU)
- 4 NVIDIA Workstation 12/16 GB GPU.
- 10 NVIDIA Jetson nano developer kit and 5 drones.

ALUMNI TESTIMONIALS

Amit Dubey

Life @ DEPSTAR, was more than just learning. It was an experience. From wonderful and the most friendly professors to the amazing colleagues and state of the art Infrastructure, all the opportunities for one's overall development are readily available, one just have to snatch it! From getting us ready for aptitude and technical problems to making sure we are ready for the interviews, DEPSTAR has the T&P cell that makes sure to cover all aspects of the selection process. As the saying goes "All Work and No Play Makes Jack a Dull Boy", overall development is a crucial point, which is not a problem, all thanks to various Tech and cultural annual events, various clubs organizing different activities throughout the year keeping the students engaged and interested in learning and exploring themselves

From the first semester through placement, DEPSTAR has always backed me up in my academics. They continued to give regular and quality lectures even during the pandemic. My questions were always promptly addressed, allowing me to learn more quickly. DEPSTAR is the ideal combination of superb infrastructure and helpful individuals. I enjoyed the expert talks from renowned institutes that provided me with a greater understanding of the topics.

Jilsa Chandrarana

We are preparing the students for the challenges of today & tomorrow through career skills & behavior training.
