

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

University Examination

Date: 04-10-2019 Day: FRIDAY

Time: 10:00am To 10:30am

Total Marks: 20

Student's ID No.									
Student's Name: _____									
Student's Sign : _____									
Supervisor's Name : _____									
Supervisor's Sign: _____									

Answer Sheet for Multiple Choice Questions (MCQs), True or false and Match the following
Examination : BPT- October 2019
Semester: [1st]
Section : I
Course Code : PT 151
Course Name: HUMAN ANATOMY I

Important Instructions:

- There are two sections in the paper. **SECTION –I** contains 20 Questions and **SECTION – II** contains 3 Questions.
- **SECTION –I** should be answered in the question paper itself & **SECTION – II** should be answered in separate answer book.
- Marks on the right side suggest the total marks of that question.
- Maximum time allotted for **SECTION – I** is 30 minutes. Question paper for **SECTION – II** will be given once the **SECTION – I** is completed within the stipulated time and returned. However, Candidates who complete **SECTION – I** earlier than 30 minutes can collect main question paper for **SECTION –II** immediately after handing over the **SECTION-I** question paper with answers.
- **SECTION – I** should be attached with the main answer book at the end of the examination and should be submitted to the supervisor.

SECTION-I

Multiple Choice Questions: (MCQs) (Encircle the correct answer)

(10 × 1 = 10)

1. Following is the content of MEDIAL compartment of femoral sheath.
 - a. Femoral Nerve
 - b. Lymph node of Colquet
 - c. Femoral vein
 - d. Femoral Branch of Genito-femoral nerve
2. Following muscle of gluteal region is having origin from the pelvic surface of Sacrum.
 - a. Piriformis
 - b. Tensor Fascia Lata
 - c. Pectinius
 - d. Quadratus Femoris

3. Following is the Hybride muscle
 - a. Adductor Longus
 - b. Adductor Magunus
 - c. Adductor Bravis
 - d. Gracilis
4. Following is the muscle of Anterior Abdominal wall
 - a. Ilaicaus
 - b. Psoas Major
 - c. Pyramidalis
 - d. External Intercostal Muscle
5. Left testicular vein drains in to-
 - a. Left renal vein
 - b. Left pudendal vein
 - c. Portal vein
 - d. Inferior vena cava
6. Following is muscle of Urinary bladder
 - a. Dartos
 - b. Cremestor
 - c. Pyramidalis
 - d. Detrusor
7. Appendices epiploicae present in
 - a. Duodenum
 - b. Colon
 - c. Ilium
 - d. Jejunum
8. Femorotibial (knee) joint is classified as
 - a. Ball and socket
 - b. Pivote joint
 - c. Condylar joint
 - d. Saddle joint
9. Following Structure is passing through 1st compartment of Flexor Retinaculum
 - a. Tendon of tibialis posterior
 - b. Tendon of flexor hallucis longus
 - c. Tibial nerve
 - d. Tendon of flexor digitorum longus
10. Following structure is passing through male ingunal canal
 - a. Spermatic cord
 - b. Ovarian ligamnent
 - c. Penial artery
 - d. Round ligament

- 11** In the Porta hepatis most anterior structure is
- Portal vein
 - Hepatic artery
 - Hepatic Vein
 - Hepatic duct
- 12** Following muscle is the is longest muscle of the body
- Gluteus maximus
 - Sartorius
 - Peronius longus
 - Rectus femoris
- 13** Following structure is 45cm long;
- Ureter
 - Dudodenum
 - Esophagus
 - Spermatic cord
- 14** Following is the superiolateral boundary of popliteal fossa
- Semitendinous
 - Lateral head of gastrocnemius
 - Biceps femoris
 - Adductor Magnus
- 15** Following bone is sesamoid bone
- Calcenium
 - Patella
 - Talus
 - Cuboid
- 16** Following structure is consider as natural diverticulum of the GI tract
- Duodenum
 - Bile Duct
 - Vermiform Appendix
 - Sigmoid Colon
- 17** Following is the retroperitoneal structure
- Gall bladder
 - Liver
 - Appendix
 - Kidneys
- 18.** Short saphenous vein passes in;
- back of the medial malleolus
 - front of the medial malleolus
 - back of the lateral malleolus
 - front of the lateral malleolus

19. Following structure is the most posterior structure of popliteal fossa

- a.** Popliteal Artery
- b.** Tibial Nerve
- c.** Peroneal Nerve
- d.** Popliteal Vein

20 Normal position of uterus is,

- a.** Anteverted, Anteflexed
- b.** Anteverted, Retroflexed
- c.** Retroverted, Retroflexed
- d.** Retroverted, Anteflexed

- a. Draw and describe hip joint.
- b. Describe muscles of foot with origin, insertion, nerve supply & action.
- c. Describe stomach in detail with figure.
