

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

University Examination

Date: 06/12/2017

Day: Wednesday

Time: 10:00 am to 10:30 am

Total Marks: 20

Student's ID No.									
Student's Name: _____									
Student's Sign : _____									
Supervisor's Name : _____									
Supervisor's Sign: _____									

Answer Sheet for Multiple Choice Questions (MCQs), True or false and Match the following
Examination : MPT- December 2017
Semester: [1 st]
Section : I
Course Code : PT777
Course Name: Basic Sciences

Important Instructions:

- There are two sections in the paper. **SECTION – I** contains 20 Questions and **SECTION – II** contains 3 Questions.
- **SECTION – I** should be answered in the question paper itself & **SECTION – II** should be answered in separate answer book.
- Marks on the right side suggest the total marks of that question.
- Maximum time allotted for **SECTION – I** is 30 minutes. Question paper for **SECTION – II** will be given once the **SECTION – I** is completed within the stipulated time and returned. However, Candidates who complete **SECTION – I** earlier than 30 minutes can collect main question paper for **SECTION – II** immediately after handing over the **SECTION – I** question paper with answers.
- **SECTION – I** should be attached with the main answer book at the end of the examination and should be submitted to the supervisor.

SECTION-I

Multiple Choice Questions: (MCQs) (Encircle the correct answer)

(10 × 1 = 10)

1. Before fertilization, ovary has _____.
 - a. One nucleus
 - b. Two nuclei
 - c. Three nuclei
 - d. More than four nuclei
2. _____ is not a risk factor associated with pregnancy.
 - a. maternal anemia
 - b. preeclampsia
 - c. alcohol/drug use
 - d. excess sleepiness of mother

(P.T.O)

3. Tonic Labryrinthine Reflex belongs to which level of reflex maturation?
 - a. Spinal level
 - b. Brainstem level
 - c. Midbrain level
 - d. Cortical level
4. Unilateral, flat occipital region in neonates is which positional deformity?
 - a. hydrocephaly
 - b. plagiocephaly
 - c. scaphocephaly
 - d. porencephaly
