

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

University Examination

Date: 23/05/2019

Day: Thursday

Time: 10:00 am to 10:30 am

Total Marks: 20

Student's ID No.									
Student's Name: _____									
Student's Sign : _____									
Supervisor's Name : _____									
Supervisor's Sign: _____									

Answer Sheet for Multiple Choice Questions (MCQs), True or false and Match the following
Examination : B.Optomety – May 2019
Semester: 5 th
Section : I
Course Code : BOP504
Course Name: SYSTEMIC DISEASE

Important Instructions:

1. There are two sections in the paper.
2. **SECTION –I** contains 2 Questions:
 - a. MCQs for 20 marks answered in the question paper itself, should be submitted within 30 minutes.
 - b. Short answers for 20 marks (to be answered in separate answer book)
3. **SECTION – II** contains only 2 Question of Short notes and Essays (to be answered in answer book)
4. Marks on the right side suggest the total marks of that question.
5. Maximum time allotted for both section is 3 hours.
6. Candidates who complete **SECTION – I** (MCQs) earlier than 30 minutes can collect main question paper immediately after handing over the **SECTION-I (MCQs)** question paper with answers.
7. Non-programmable calculators are only allowed.
8. Draw the figures where necessary.

SECTION-I

Q.1.	Multiple Choice Questions: (MCQs) Encircle the correct answer	(1 X 10= 10)
1.	Which of the following confirmed values meet the diagnostic threshold for diabetes?	
	a. Fasting blood glucose ≥ 140 mg/dl	
	b. Random glucose > 160 mg/dl	
	c. 2 hour post prandial glucose $\geq$ to 126 mg/dl	
	d. Fasting blood glucose ≥ 126 mg/dl	
2.	Hepatitis A is transmitted by following route	
	a. Sexual transmission	
	b. Feco Oral route	
	c. Vertical transmission	
	d. Blood transfusion	

3.	Which of the following is the main habitat site for Wucheria bancrofti	
	a. Cardiovascular system	
	b. Musculo skeletal system	
	c. Lymphatic system	
	d. Respiratory system	
4.	Dengue is transmitted by following mosquito	
	a. Aedes egyptus	
	b. Male Anopheles	
	c. Culex	
	d. Female Anopheles	
5.	River blindness is caused by	
	a. Loa Loa	
	b. Filarial	
	c. Onchocercus volvulus	
	d. Taenia Solium
