

Exam Date & Time: 15-Nov-2019 (10:00 AM - 01:00 PM)

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

Bachelor of Computer Applications (BCA)
Semester-I University Examination November 2019
Date: 15/11/2019, Friday Time: 10:00 a.m. to 01:00 p.m.
INTRODUCTION TO COMPUTERS [CA112]

Marks: 70

Duration: 180 mins.

Section-I

Answer all the questions.

Section Duration: 30 mins

- Q-1) The _____ is the fastest and the most expensive machines. (1)
- 1)

1) Micro Computer	2) Super Computer	3) Mini Computer	4) Mainframe Computer
-------------------	-------------------	------------------	-----------------------
- 2) The _____ unit of computer accept instructions and data from outside world. (1)
- 1)

1) Output	2) Input	3) CPU	4) ALU
-----------	----------	--------	--------
- 3) In first generation, _____ device is used in computer. (1)
- 1)

1) Transistor	2) Processor	3) ICs	4) Vacuum Tube
---------------	--------------	--------	----------------
- 4) Which of the following is the output device? (1)
- 1)

1) Printer	2) Scanner	3) Keyboard	4) All of above
------------	------------	-------------	-----------------
- 5) Which of the following is also known as brain of computer? (1)
- 1)

1) CU	2) Motherboard	3) CPU	4) ALU
-------	----------------	--------	--------
- 6) A _____ is a small chip that resides in computers and handles all the basic system instructions. (1)
- 1)

1) Hard Disk	2) Microprocessor	3) Battery	4) All of above
--------------	-------------------	------------	-----------------
- 7) The short cut key to paste the text in MS Word is _____. (1)
- 1)

1) CTRL + S	2) CTRL + V	3) CTRL + P	4) CTRL + J
-------------	-------------	-------------	-------------
- 8) The short cut key for hyperlink is _____. (1)
- 1)

1) CTRL + K	2) CTRL + H	3) CTRL + R	4) CTRL + S
-------------	-------------	-------------	-------------
- 9) The short cut key for the Spell Check feature in MS Word is _____. (1)
- 1)

1) F6	2) F7	3) F8	4) F9
-------	-------	-------	-------
- 10) _____ is a volatile memory. (1)
- 1)

1) RAM	2) Pen Drive	3) Hard Drive	4) ROM
--------	--------------	---------------	--------
- 11) _____ is the only language which computer can understand. (1)
- 1)

1) High Level Language	2) Low Level Language	3) Middle Level Language	4) All of Above
------------------------	-----------------------	--------------------------	-----------------
- 12) Which one of the following is NOT a browser? (1)

1) Google Chrome	2) Mozilla Firefox	3) Gmail	4) Opera
------------------	--------------------	----------	----------

13) _____ is the short cut key to run the MS PowerPoint Presentation from the first slide.

(1)

1) F5	2) Shift + F5	3) F7	4) All of above
-------	---------------	-------	-----------------

14) A formula begin with _____ operator in Excel.

(1)

1) = 2) == 3) ? 4) >

15) The extension of MS PowerPoint is _____.

(1)

1) .pptx	2) .docx	3) .xlsx	4) .jpg
----------	----------	----------	---------

16) Which of the following symbol must exist in an email address?

(1)

1) %	2) \$	3) @	4) £
------	-------	------	------

17) Data communication system within a building or campus is _____.

(1)

1) LAN	2) MAN	3) WAN	4) PAN
--------	--------	--------	--------

18) =UPPER("CHARUSAT University") will return _____ output.

(1)

1) CHARUSAT University	2) Charusat University	3) CHARUSAT UNIVERSITY	4) charusat UNIVERSITY
------------------------	------------------------	------------------------	------------------------

19) The _____ is a network of network that connects computers all over the world.

(1)

1) Intranet	2) Internet	3) Extranet	4) All of above
-------------	-------------	-------------	-----------------

20) =MAX(14, 18, 22, 2) will return _____ output.

(1)

1) 2	2) 22	3) 18	4) 14
------	-------	-------	-------

Section-II

Answer all the questions.

Make suitable assumptions wherever necessary and state them.

Q 2) Draw a block diagram of computer system and explain the function of it's various units.

(5)

A)

[OR] List out the characteristics of computer. Explain any two of them in detail.

B)

(5)

C) List and explain various types of BUS in computer architecture.

(4)

[OR] Differentiate between Primary Memory and Secondary Memory.

D)

(4)

E) Write down the use and steps of applying Page Colour and Page Borders to MS Word Document.

(4)

[OR] Write a note on Bullet and Numbering feature of MS Word.

F)

(4)

Q-3) What is the use of Input Device? List out various Input Device and explain any two of them in detail.

(6)

A)

[OR] Which are the factors that effect on the overall speed and performance of the computer? Explain each in detail.

B)

(6)

C) Explain the Header and Footer feature of MS Word. (6)

[OR] What is Mail Merge? Write down the steps for creating a Mail Merge in MS Word. (6)
D)

Section-III

Answer all the questions.

Make suitable assumptions wherever necessary and state them.

Q-4) Differentiate between Sorting and Auto Filtering of data in MS Excel. (5)

A)
[OR] List out various types of CHART. Explain how to create CHART in MS Excel. (5)
B)

C) Write down the step to add and format the Shape, WordArt, Smart Art and Theme in MS PowerPoint presentation? (4)

[OR] What is the use of Animation and Transition in MS Power Point? Explain how to apply the Animation and transition effects to the slides. (4)
D)

E) Differentiate between LAN & WAN. (4)

[OR] What is the use of Email? Write down the steps to send an email to your friends for inviting them to celebrate the birthday party. Also, send an invitation card along with the email. (4)
F)

Q-5) List out different Mathematical Functions. Explain any three of them with example. (6)

A)
[OR] What is the use of hyperlink in MS PowerPoint? Write down the steps to apply hyperlink to the text. (6)
B)

C) Explain the advantages and disadvantages of Internet. (6)

[OR] List out various topologies of computer network. Explain any two of them in detail. (6)
D)
