SECTION-I

Q-1 Answer the following questions.

- a) How is MIS (Management Information System) related with Computer Based System? 3
- b) What are some new roles Information Systems are playing in organization? 3
- c) What are the characteristics of an ESS (Executive Support System)? 2
- d) Explain the Architecture of Data warehouse in brief. 3

Q-2

- [A] What benefits do group decision-support systems provide to organizations? 4
- [B] What are some of the new roles Information Systems are playing in organization? What are some of the elements of managing and implementation of a new information system? 4
- [C] Explain Components of DSS (Decision Support System). 4

OR

Q-2

- [A] List EIS (Executive Information System) roles and characteristics. 4
- [B] What is the need for database in MIS? What should manager focus on when building a database? 4
- [C] Explain the Architecture of KDD (Knowledge Discovery from Database) in detail. 4

Q-3

- [A] What is Distributed System? How is it useful to EIS? List out merits and demerits of it. 4
- [B] Differences between: 4
 - [a] Data Vs Information
 - [b] Real Time Vs Batch Processing
 - [c] OLTP Vs OLAP
 - [d] DSS Vs GDSS
- [C] Differentiate between Database and Data warehouse. How Data Mining enhances a business? 4

OR

- Q-3 Give the significance of the following Terms: 4
- [A] [a] Transaction
[b] Artificial Intelligence
[c] SCM
[d] CRM
- [B] What are the differences among strategic, tactical and operational planning? 4
What types of information system are best suited for each type of planning?
Why?
- [C] What is AI? What are the applications of AI? What would be the best 4
product of AI?

SECTION-II

- Q-4
- a) What is groupware? What functions may be found in groupware 3
packages?
- b) Explain: Usefulness of Transaction Processing System in strategic 4
level planning.
- c) State and explain the characteristics and functions of each of the major 4
components of an Expert System. Explain the uses and limitations of an
Expert System.
- Q-5
- [A] Differentiate: Office Automation System and Knowledge Work System. 4
- [B] Explain Account Receivable system and purchasing system with DFD. 4
- [C] Explain different psychological factors which affect the people working an 4
organization.

OR

- Q-5
- [A] Describe whether the quality of life has improved or decline with the 4
technological advances.
