

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

Fourth Semester of B. Tech. Examination (CL)

April - May 2013

CL 215 Building & Town Planning

Date: 26.04.2012, Friday

Time: 01:30 p.m. To 04:30 p.m.

Maximum Marks: 70

Instructions:

1. The question paper comprises of two sections.
2. Section I and II must be attempted in separate answer sheets.
3. Make suitable assumptions and draw neat figures wherever required.
4. Use of scientific calculator is allowed.
5. Use separate drawing sheet for Q-3 and Q-6(a).

SECTION - I

- Q - 1 What is furniture layout? Refer **Figure-1** and in that provide furniture layout for; [07]
(i) Drawing room, (ii) Bed room and (iii) Toilet & change room.
- Q - 2 (a) Draw the Symbols of the following; (Any Two) [02]
(i) Single leaf double swing door, (iii) Double fluorescent light,
(ii) Exhaust fan, (iv) Indian type W.C.
- (b) (i) Explain Aspect with practical applicability. [03]
(ii) Enlist the practical points to be considered during planning. [03]
- (c) (i) Write short not on Floor Area Ratio. [03]
(ii) How FSI is helpful for checking the population density in an area? Explain with an example. [02]
(iii) Define $63\frac{1}{2}^\circ$ rule. [01]

OR

- Q - 2 (a) Write the Abbreviations for the following; (Any Two) [02]
(i) Brick work, (ii) Drawing, (iii) Indian type W.C., (iv) Diameter
- (b) (i) Write short note on circulation. [03]
(ii) Differentiate between flexibility and grouping. [03]
- (c) (i) Write short note on Setback. Write disadvantages of setback, from the residents' point of view. [04]
(ii) Enlist the bye-laws applicable for structural elements. [02]
- Q - 3 Refer **Figure-1** and draw the section about A-A with suitable scale. Provide all the necessary levels in that, as per provided by the building bye-laws. [14]

OR

- Q - 3 Plan a Semi-detached type bungalow for the given plot no-12 (**Figure-2**). The area of plot = 250 m^2 & % built-up area = 60%. Provide the following units in the same; [14]

- (i) Drawing room, (ii) Kitchen cum dining (with separate exit towards court yard), (iii) Children's bed room, (iv) Master bed room with attached toilet, (v) Common bath & w.c., (vi) stair case for basement, (vii) Verandah with main entry, (ix) In-house clinic with separate door nearby main entry in plot.

Draw only line diagram of your planning, using suitable scale, and show the calculations for construction and built up area. Also provide openings as per requirements.

SECTION – II

- Q - 4 (a)** Enlist topographical features contributing the origin of towns. [04]
(b) Write a note on regional planning. [03]
- Q - 5 (a)** Enlist disadvantages of ribbon development. [02]
(b) Define master plan and write a note on master plan [06]
(c) Do as directed: [06]
 (i) Which are the authorities working on planning and execution of new cities?
 (ii) Explain beauty and convenience objects for town planning.

OR

- Q - 5 (a)** Explain in detail concentric spread. [02]
(b) Define: (i) town centre, (ii) civic centre and enlist objectives of master plan. [06]
(c) Enlist features of Buddhist period. [06]
- Q - 6 (a)** Draw the perspective view for the **Figure-3** with suitable scale. The station point is 4m away from the picture plane and the eye level is 7m above the G.L. [10]
(b) Write objectives of town planning. [04]

OR

- Q - 6 (a)** Draw the perspective view for the **Figure-4** with suitable scale. The station point is 5m away from the picture plane and the eye level is 3m above the G.L. Size of door 'D'=1.0m X 2.0m and window 'W'=2.0m X 1.0m. [10]
(b) Define town planning and enlist different criteria for selection of ideal site for town. [04]
