

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY (CHARUSAT)
FACULTY OF MANAGEMENT STUDIES (FMS)
BACHELOR OF BUSINESS ADMINISTRATION (BBA PROGRAMME)
SEMESTER – IV, UNIVERSITY EXAMINATION, APRIL 2019
BM207 APPLICATION OF RESEARCH METHODOLOGY (ARM) (OLD)
BM207.1 APPLICATION OF RESEARCH METHODOLOGY (ARM) (NEW)

Date: 30/04/2019, Tuesday

Time: 10.00 AM to 10.30AM

Total Marks: 15

Student's ID No.									
Student's Name: _____									
Student's Sign : _____									
Supervisor's Name : _____									
Supervisor's Sign: _____									

Important Instructions:

- All questions are compulsory.
- This is a closed book examination.
- There are two sections in the question paper. Section – I contains Q. No.: 1 which is of 15 marks and Section – II contains total five questions wherein Q. No.: 2 to 5 are of 10 marks each and Q. 6 is a Case study of 15 marks.
- Section – I should be answered in the given question paper and Section – II should be answered in a separate answer book.
- Maximum time allotted for Section – I is 30 minutes. Answer Book for Section – II will be given when the Question Paper for Section – I is returned. However, candidates who complete Section – I earlier than 30 minutes, can collect Answer Book for Section – II immediately after handing over Section – I question paper.
- Figures on the right indicate marks for each question.

SECTION – I

Q.1 Objective Type Questions:

15

A) Match the following: (i – vi)

[06]

Q. No.:		Probable Answer Keys		Write Your Answer Here
i.	Judgmental Sampling	a)	Qualitative Data	i. -
ii.	Independent Sample T-Test	b)	Non-Probability Sampling	ii. -
iii.	Depth Interview	c)	Descriptive Research	iii. -
iv.	Regression	d)	Probability Sampling	iv. -
v.	Simple Random Sampling	e)	Prediction Equation	v. -
vi.	Survey Questionnaire	f)	Comparison of Means	vi. -
		g)	Convenience Sampling	
		h)	Stratified Sampling	
		i)	Chi-Square	
		j)	Snow Ball Sampling	

B) Multiple-Choice Questions (vii – ix) (Note: Encircle the correct answer)

[03]

vii. Income is _____ measure of data.

- a) Ratio
- b) Interval
- c) Nominal
- d) Ordinal

viii. Gender is _____ measure of data.

- a) Ratio
- b) Interval
- c) Nominal
- d) Ordinal

ix. Educational Qualification is _____ measure of data

- a) Ratio
- b) Interval
- c) Nominal
- d) Ordinal

C) Fill-in the Blanks (x – xii) You may choose from the following answers:

[03]

Semantic Differential Scale	Likert Scale	Independent Sample	Paired Sample	Scale Variables	Categorical Variables
-----------------------------------	-----------------	-----------------------	------------------	--------------------	--------------------------

x. Attitude / Agreeableness / satisfaction etc. are most widely measure by _____ scale in social science research.

xi. _____ t-test is used for comparing mean values for two unrelated samples.

xii. Correlation can always be performed on _____.

D) True or False (xiii – xv) (Note: Encircle the correct answer)

[03]

xiii. Non-Probability sampling is used when the population is unknown.

(True) or (False)

xiv. Default level of significance is generally 0.01 (1%).

(True) or (False)

xv. The variable depending on another variable is termed as 'Independent Variable'.

(True) or (False)

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY (CHARUSAT)
FACULTY OF MANAGEMENT STUDIES (FMS)
BACHELOR OF BUSINESS ADMINISTRATION (BBA PROGRAMME)
SEMESTER – IV, UNIVERSITY EXAMINATION, APRIL 2019
BM207 APPLICATION OF RESEARCH METHODOLOGY (ARM) (OLD)
BM207.1 APPLICATION OF RESEARCH METHODOLOGY (ARM) (NEW)

Date: 30/04/2019, Tuesday

Time: 10.30 AM to 01:00 PM

Total Marks: 55

- Note:** - (i) All questions are compulsory.
(ii) This is a closed book examination.
(iii) There are two sections in the question paper. **Section – I** contains Q. No.: 1 of 15 marks and **Section – II** contains total five questions where in Q. No.: 2 to 5 are of 10 marks each and Q. 6 is a Case study of 15 marks.
(iv) **Section – I** should be answered in the given question paper and **Section – II** should be answered in a separate answer book.
(v) Maximum time allotted for **Section – II** is 150 minutes.
(vi) Figures on the right indicate marks for each question.

SECTION – II

Q.2 You have been appointed as a research associate by X B Pvt. Ltd. Your superior wants to know your view on different types of research. Prepare a report that includes types of research with their pros, cons, limitations if any, and different applications where it can be used. Give suitable example wherever required with justification. **10**

OR

Q.2 “Questionnaire design for descriptive research is more difficult than for an exploratory research.” Do you agree? Justify with suitable example. **10**

Q.3 Consider a situation where you are required to measure satisfaction level of ‘Credit Card Users’ in Anand District. How are you going to select your respondents for the study? What possible techniques can you adopt? Justify. **10**

Q.4 An analyst for an oil company has developed a formal linear regression model to predict the sales of 50 of their filling stations. The estimated model is: **10**

$$Y = B_0 + B_1X_1$$

Where

Y = Average monthly sales in gallons

X₁ = Square foot area of station property

Some empirical results were

Variable	Mean	Range of Data	Coefficient	t-value	r ²
Y		5000 – 8000	B ₀ = 10,000		
X ₁	10000	3000 - 20000	B ₁ = 3.1	2	0.3

- a) What does r² mean? **[3]**
b) Interpret the parameter estimates B₀ and B₁? **[5]**
c) Develop ‘Prediction Equation’ for the result generated. **[2]**

OR

- Q.4** Read the following title carefully: **10**
“A Study of Factors Influencing Buyers’ Selection of E-Commerce Website in the State of Gujarat’.
You are required to prepare a research model by clearly stating its objectives, variables, respondents and assumption, if any.
- Q.5** Design a questionnaire to identify the factors influencing students’ selection of B-School for their Post Graduation. Include demographic variables as required. Justify the use of variables and questions to measure satisfaction. **10**
- Q.6** Faced with increasing absenteeism and low academic performance, your superior proposes that research study across different programs is required in the University. What do you think of this research question? What type of research would be required? Suggest few variables which can be part of the research study. Do you think that such study would help the administrators in resolving the dilemma? Explain. **15**
