

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

3rd Semester of B. Pharm. Examination

University Theory Examination November 2017

PH202 Pharmacognosy & Phytochemistry-I

Date: 22/11/2017, Wednesday

Time: 10:00 am to 1:00 pm

Maximum Marks: 80

Instructions:

1. Figures to right indicate marks.
2. Section wise separate answer book to be used.
3. Draw neat sketches wherever necessary.

SECTION- I

Q-1 Attempt any TWO of the following

- A** Write general properties of tannins. Explain Gold Beater's skin test. **10**
Write a note on myrobalan.
- B** Comment on following: **10**
1. Eucalyptus leaf does not have trichomes.
 2. Fennel has more numbers of vittae as compared to coriander.
 3. Guggul contains oleo gum resin.
 4. Turmeric also finds place in Indian kitchen.
- C** Differentiate following: **10**
1. Pale Catechu and Black Catechu
 2. Hydrolysable Tannin and Condensed Tannin

Q-2 Attempt any TWO of the following

- A** Define resin. Write general properties of resins. Classify them with suitable examples. **10**
- B** Explain in detail pharmacognosy of Valerian. **10**
- C** Make a detailed note on **10**
1. Nutmeg
 2. Mentha

SECTION- II

- Q-3 Attempt any TWO of the following**
- A** Define volatile oil. Explain its physical and chemical properties including chemical tests. Discuss its occurrence, distribution and pharmacological uses. Write about Effleurage method of volatile oil isolation in detail. **10**
- B** Explain basic principle of extraction and write in detail different methods employed for the extraction of phytoconstituents. **10**
- C** Write biological source and uses of following drugs. **10**
1. Turmeric
 2. Colophony
 3. Jalap
 4. Capsicum
 5. Asafoetida
- Q-4 Attempt any TWO of the following**
- A Answer the following:** **10**
1. Write a note on Umbelliferous fruits.
 2. Explain in detail about Pharmacognosy of clove.
- B Answer the following:** **10**
1. Explain macroscopical and microscopical difference between Fennel and Coriander.
 2. Draw detail diagram of transverse section of Cinnamon bark.
- C Answer the following:** **10**
1. Explain pharmacognosy of Eucalyptus.
 2. Write a note on phytochemical screening of Glycosides
