

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

3rd Semester of B. Pharm. Examination

University Theory Examination November 2016

PH 218 Hospital and Dispensing Pharmacy

Date: 24/11/2016 , Thursday Time: 10: 00 a.m. to 01:00 p.m. Maximum Marks: 80

Instructions:

1. There are three sections in this question paper.
2. SECTION – I comprises of Question 1. Total marks for Section 1 are 20. There are 20 sub-questions (MCQ type). Answers to SECTION – I are to be given in Answer Sheet for MCQ type questions provided to you. Maximum time allotted for SECTION – I is 30 minutes. Answers to SECTION – I must be written during the first 30 minutes of the examination.
3. Answers to SECTION – II and SECTION – III are to be provided in separate Main Answer Books provided to you.
4. Figures to right indicate marks.
5. Draw neat labeled sketches wherever necessary.

SECTION - I

- Q 1** Attempt all questions. Each question is of one mark. **20**
1. Storage temperature for cool place is _____
[A] 8-25° C
[B] 2-8° C
[C] 0° C
[D] None of the above
 2. The ratio of primary emulsion (oil: water: gum) of fixed oil is
[A] Three:two:one
[B] Four:two:one
[C] Two:two:one
[D] One:two:one
 3. How many grams of sucrose is required to make 15%w/v,10 litres of glucose solution?
[A]1500
[B]2000
[C]2500
[D]3000
 4. Category 6 waste is classified as
[A]Sharp Waste
[B]Human Anatomical waste
[C]Soiled waste
[D]Solid waste
 5. Color of container to collect Catgory 2 waste is _____
[A] Red
[B]Yellow
[C]Black
[D]Blue
 6. _____ analysis is based on Critical nature of the components with respect to products.
[A]ABC
[B]VED
[C]FMN
[D]FSN

7. Cold cream is an example of
 [A] Emulsion
 [B] Suspension
 [C] (a) & (b) both
 [D] None of the above
8. Simple syrup USP contains _____ of Sucrose.
 [A] 65 %
 [B] 70 %
 [C] 66.67 %
 [D] 85 %
9. Which of the following use as an external preparation?
 [A] Syrup
 [B] Elixir
 [C] Lozenges
 [D] Liniment
10. The density of the dispersed phase is more than that of the dispersion medium. According to the Stokes' equation the creaming is;
 [A] At the center of the emulsion
 [B] in both the directions
 [C] In downward direction
 [D] In upward direction
11. According to the Narcotics and Psychotropics Act, which of the following drug is considered as narcotic drug?
 [A] Methylphenidate
 [B] Ketamine
 [C] Pentobarbital
 [D] All of the above
12. Which of the following is considered as Labelling error?
 [A] Prescribing wrong dose
 [B] Sublingual tablets should be swallowed
 [C] Failure to shake well before use
 [D] (b) & (c) both
13. Which of the following is considered as Dispensing error?
 [A] Prescribing wrong dose
 [B] Prescribing wrong pack size
 [C] Strength of drug not stated
 [D] All of the above
14. Direction to the patient is indicated in prescription is known as
 [A] Superscription
 [B] Subscript
 [C] Transcription
 [D] Inscription
15. An emulsion is prepared using soap as an emulsifier. When electrolyte is added to the prepared emulsion, it cracks. This represents
 [A] Physical incompatibility
 [B] Chemical incompatibility
 [C] Therapeutic incompatibility
 [D] None of the above
16. Recipe,
 Ferrous Quinine Citrate----- 4gm
 Aromatic spirit of ammonia----- 8 ml
 Water ----- q.s. to 90 ml
 Prepare Mixture.
 In the above prescription, precipitation of quinine takes place during

- compounding. The reason for precipitation of quinine is
 [A] Decrease in temp. as the reaction is endothermic
 [B] Change in pH
 [C] Double decomposition reaction
 [D] Evaporation of Ferric citrate
17. One of the following is not an objection of Drug Store Management. Select the same.
 [A] to stock
 [B] to supply
 [C] to manufacture
 [D] to purchase
18. Pessaries are _____
 [A] Ear
 [B] Rectal
 [C] Vaginal
 [D] Nose
19. Cocoa Butter is also known as
 [A] Stearic oil
 [B] Oleic oil
 [C] Glycerogelatin
 [D] Theobroma oil
20. Which is the smallest capsule
 [A] 1
 [B] 4
 [C] 5
 [D] 0

SECTION – II

Q 2 Attempt any TWO of the following.

- A Describe the various methods for organization of drug store. 05
- B State the various category of Biomedical waste along with its disposal option. 05
- C Describe the role and contribution of pharmacist in community health care and education. 05

Q 3 Attempt any TWO of the following.

- A Classify the various methods of inventory control. Give detail for ABC analysis. 05
- B Define allegation method. Find out the parts of 80% and 30% alcohol to supply 500 ml of 50% alcohol by allegation method. 05
- C What do you mean by Displacement value? Supply 8 cocoa butter Aspirin suppositories each containing 300 mg drug and weighing 1 gm. (Displacement value of Aspirin = 3) 05

SECTION – III

Q 4 Attempt any FOUR of the following.

- A Briefly explain various sources of Drug information available at Hospital. 05
- B Give the functions of pharmacy and therapeutics committee. Briefly explain content and preparation of hospital formulary. 05
- C List the different drug distribution systems for in patient and discuss Unit dose drug Distribution system in brief. 05
- D Briefly explain the dispensing of controlled drugs in hospital. 05

- E Draw a layout of an ideal prescription and briefly describe various parts of prescription. 05
- F Briefly explain the various sources of errors in prescription. 05
- Q 5 Attempt any FOUR of the following.**
- A **Differentiate the following with one point.** 05
- 1) Deflocculated suspension with Flocculated suspension
 - 2) Lotion with Liniment
 - 3) Syrup with Elixir
 - 4) Ointments with Cream
 - 5) Hard gelatin capsule with soft gelatin capsule
- B Define the various types of emulsion. Give various identification test of an emulsion. 05
- C Classify type of ointment bases and discuss their properties 05
- D Classify the powders and describe effervescent granules in detail. 05
- E Define Posology. Briefly describe the factors affecting the doses and action of drugs in human. 05
- Identify the type of incompatibility below and write the remedy for the same.
- F (a)
- | Ingredients | Qty Given |
|-----------------------|-----------|
| Quinine Hydrochloride | 1.2 g |
| Sodium Salicylate | 4 g |
| Water....q.s..... | |
- 03
- Comment on following
- (b) Iodine ointment prepared by chemical reaction is also known as non staining ointment. 02
-
