

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

4th Semester of B. Pharm Examination

University Theory Examination May 2017

PH209 Pharmacognosy & Phytochemistry-II

Date: 08/05/2017, Monday

Time: 1:30 pm to 4:30 pm

Maximum Marks: 80

Instructions:

1. Figures to right indicate marks.
2. Section wise separate answer book to be used.
3. Draw neat sketches wherever necessary.

SECTION- I

Q 1 Attempt any TWO of the following:

- A Write botanical source, family, chemical constituents, chemical test and uses of Liquorice and Aloe. **10**
- B Classify Natural Allergens and describe Inhalant natural allergens with example. Discuss photodynamic therapy for leukoderma. **10**
- C (1) Differentiate the following **6**
- (a) *Digitalis lanata* and *Digitalis purpurea*
- (b) Tinnevely senna and Alexandrian Senna.
- (2) Describe biological sources, active constituents and uses of Rhubarb. **4**

Q 2 Attempt any TWO of the following:

- A Describe in brief shikimic acid pathway for generation of different phytochemical compounds. **10**
- B How biogenesis of primary and secondary metabolites occur in plants? Give suitable examples. Describe interrelationship between Primary and secondary metabolites. **10**
- C Describe in brief about techniques used for investigation of biogenesis of Plant Secondary Metabolites giving suitable examples. **10**

(P.T.O.)

SECTION- II

Q.3 Attempt any TWO of the following

- A Write a note on sources, method of preparation, and uses of enzymes from following (any two): 10
(1) Papain (2) Diastase (3) Trypsin
- B Discuss Common Name, Biological Source, Family, Chemical constituents and uses of **any two bitter glycosides containing drugs.** 10
- C Discuss Common Name, Biological Source, Family, Chemical constituents and uses of **any two saponin glycosides containing drugs.** 10

Q 4 Attempt any TWO of the following

- A Describe in brief acetate mevalonate pathway for generation of different phytochemical compounds. 10
- B Describe biological sources, methods of preparation, active constituents, uses and chemical tests for identification of *Dioscorea*. 10
- C Describe biological source, active constituents and uses of following (Any two) 10
1. *Ammi*
 2. *Cascara*
 3. *Psoralia*
-
