

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

5th Semester of B. Pharm Examination

University Theory Examination November 2015

PH302 Pharmacognosy & Phytochemistry-III

Date: 27.11.15 , Friday

Time: 10:00 a.m. to 1:00 p.m.

Maximum Marks: 80

Instructions:

1. Figures to right indicate marks.
2. Section wise separate answer book to be used.
3. Draw neat sketches wherever necessary.

SECTION- I

Q.1 Attempt any TWO of the following:

- A I Define and classify Terpenoids. Explain Isoprene rule with appropriate example. 05
- II Draw the structure of 05
- a. Geraniol
 - b. Menthol
 - c. Limonene
 - d. Squalene
 - e. Isoprene
- B Write about sources and structure elucidation of Geraniol. 10
- C Comment on following: 10
- a. Menthol is a secondary alcohol.
 - b. Limonene has a six membered ring structure.
 - c. Borneol is a saturated alcohol.
 - d. Squalene is a unsaturated molecule.

Q.2 Attempt any TWO of the following:

- A Write about sources, isolation, structure and pharmacological activities of Vitamin A. 10
- B I What are triterpenoids? Draw structures of any two triterpenoids. 05
- II What are cardiac glycosides? Write about chemical tests for cardiac glycosides. 05
- C Write a note on chemistry of α -Pinene. 10

(P.T.O)

SECTION-II

Q.3 Attempt any TWO of the following:

- A State true or false and justify the following statements: 10**
1. Monoterpene does not contain any double bond in their structure.
 2. Diterpenes contains 20 carbons.
 3. Carotenoids are soluble in water.
 4. Carotenoids can be easily estimated using colorimetric method.
- B Write about sources and medicinal utilization of 10**
1. Stigmasterol
 2. Oleanolic acid
- C Write different sources, structure, isolation, estimation and uses of Aloin. 10**

Q.4 Attempt any TWO of the following:

- A Comment on following: 10**
1. Sennoside are used as laxatives.
 2. Glycyrrhizin gives froth test positive.
 3. Aloin give Borntrager's test positive.
 4. Diosgenin is used as precursor of synthesis of sex hormones and corticosteroids.
- B Write a note on biogenesis and isolation of sennoside. 10**
- C Discuss biogenesis of Rutin. Write about sources and medicinal and commercial utilization of Rutin. 10**
-
