

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY
6th Semester of B. Pharm. Examination
University Theory Examination April 2015
PH309 Pharmacognosy & Phytochemistry-IV

Date: 25.04.2015, Saturday

Time: 10:00 a.m. to 01:00 p.m

Maximum Marks: 80

Instructions:

1. Figures to right indicate marks.
2. Section wise separate answer book to be used.
3. Draw neat sketches wherever necessary.

SECTION- I

- Q 1 Attempt any TWO of the following**
- A** i) Enlist Tropane alkaloids. Describe synonym, source, chemical constituents and uses of Withania. **05**
- ii) Write a note alkaloid containing drug which is used in gout. **05**
- B** i) Describe synonym, source, chemical constituents and uses of Imidazole class of alkaloid. **05**
- ii) Write a note on any one Purine alkaloid containing drug. **05**
- C** **Answer the following:**
- i) (a) Van urk test (b) Thalloquin test (c) Chemical test for strychnine. **05**
- (d) Chemical test for brucine. (e) Vitali morin test
- ii) Draw detailed diagram of T.S. of Ephedra stem **05**
- Q 2 Attempt any TWO of the following**
- A** Write a pharmacognostical and pharmacological note on "Zer kachuro" **10**
- B** Enlist steroidal alkaloid. Write a pharmacognostical and pharmacological note on any one of them. **10**
- C** i) Write a note on life cycle of Ergot. **05**
- ii) Write source, chemical constituent and uses of Vasaka. **05**

SECTION- II

Q 3 Attempt any TWO of the following

- A** Write a detailed note on biogenesis, estimation and utilization of Atropine. **10**
- B** i) Write a note isolation and chemistry of Ergot alkaloids. **05**
ii) What is the method of isolation and identification of morphine? **05**
- C** i) Write a note on biogenesis of Caffeine. **05**
ii) Write a note on natural coloring agents. **05**

Q 4 Attempt any TWO of the following

- A** Write a note on isolation, stereochemistry and utilization of Cinchona alkaloids. **10**
- B** i) Write a short note on distribution and pharmacology of Ephedrine and Reserpine. **05**
ii) Give the biological source and chemical constituents of any three natural perfuming agents. **05**
- C** Write a note on sources, isolation, estimation and commercial utilization of Vinca alkaloids. **10**
-
