

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

6th Semester of B. Pharm. Examination

University Theory Examination May 2017

PH310 Medicinal Chemistry-II

Date: 10.05.2017, Wednesday

Time: 10:00 a.m. to 01:00 p.m.

Maximum Marks: 80

Instructions:

1. Figures to right indicate marks.
2. Section wise separate answer book to be used.
3. Draw neat sketches wherever necessary.

SECTION- I

Q 1 Attempt any TWO of the following

- A Give the SAR of barbiturates. Explain Mechanism of action of it. Write a synthesis of Phenytoin. 10
- B I. Enlist various CNS stimulants with their structure and therapeutic uses. 05
II. Write a short note on antiparkinsonism. 05
- C Classify Opioid analgesics. Explain chemistry and SAR of morphine derivatives in detail. 10

Q 2 Attempt any TWO of the following

- A I. Write a SAR of tricyclic Antidepressants. 05
II. What are anxiolytic agents? Classify it with their chemical structure. 05
- B I. Classify anti allergic agents with suitable structural examples. 05
II. Synthesis of Lidocaine and Phenobarbitone. 05
- C I. Classify drug used as antidiabetic agents with their mechanism of action. 05
II. Explain biosynthesis of thyroid hormones. Enlist drugs use as anti thyroids. 05

SECTION- II

Q 3 Attempt any TWO of the following

- A Explain Nomenclature of Steroids with examples. Write SAR of Glucocorticoids in details. 10
- B I. What are pharmaceutical aids? Enlist various pharmaceutical aids. Explain any one preservatives in details. 05
II. Give application of diagnostic agents with suitable examples. 05
- C Give chemical classification of sedative – Hypnotic agents. Explain SAR of benzodiazepines. 10

Q 4 Attempt any TWO of the following

- A I. What is eicosanoids. Enlist various eicosanoids. Explain Biosynthesis of Prostaglandin. 05
II. Explain SAR of Local anesthetic agents. 05
- B Give chemical classification of anti convulsant agents. Explain Mechanism of Action and SAR of hydantoin derivatives in details. 10
- C Give chemical classification of Non Steroidal Anti- Inflammatory Agents (NSAID'S). Explain Common SAR of NSAIDS. 10
