

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

6th Semester of B. Pharm. Examination

University Theory Examination May 2016

PH312 Biopharmaceuticals

Date: 07.05.2016, Saturday

Time: 10:00 a.m. to 1:00 p.m.

Maximum Marks: 80

Instructions:

1. Figures to right indicate marks.
2. Section wise separate answer book to be used.
3. Draw neat sketches wherever necessary.

SECTION- I

- Q 1 Attempt any TWO of the following**
- A Briefly describe various anticoagulants. 10
- B i) Discuss in detail collection, labeling and storage of whole human blood. 06
- ii) Explain the terminology, plasma substitutes, Hemostatic material in brief 04
- C What do you mean by allergy? Briefly describe various types of allergy. Classify various types of allergens. 10
- Q 2 Attempt any TWO of the following**
- A Explain mechanism of ELISA test for detection of pregnancy 10
- B i) Define surgical dressings. Classify main components of it. Write ideal characteristics of surgical dressings. 05
- ii) Explain following in brief 05
- a) Primary wound dressing and secondary wound dressing
- b) Surgical cat gut
- C Classify vaccine. Describe Method of Preparation- Rabies Vaccine 10

SECTION- II

- Q 3 Attempt any TWO of the following**
- A i) A lay man comes to you for checking his blood group. After the test; you diagnosed that he has O + ve. Explain the methodology to find out his blood group with justification 05
- ii) Describe diagnostic tests for detection of TB (tuberculosis) 05
- B Classify biosensor. Write a note on any one biosensor which is based on monitoring for the concentration of a chemical in plasma 10
- C i) Explain various steps for Streptomycin production 05
- ii) Describe mechanism of complement system of protein which tends to defend a host cell against the antigenic cell. 05
- Q 4 Attempt any TWO of the following**
- A i) Explain mechanism of B cell against antigen to provide immunity 05
- ii) Differentiate : Active immunity and Passive Immunity with suitable example 05
- B Explain various physical and chemical factors of human body which impart their role in defence to host in detail 10
- C Explain production, extraction and isolation of penicillin via fermentation method 10
