

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

1st Semester of M. Pharm (Quality Assurance)

University Theory Examination December 2016

PHQA003 PHARMACEUTICAL ANALYSIS-I

Date: 16.12.2016, Friday

Time: 10:00 a.m to 1:00 p.m

Maximum Marks: 70

Instructions:

1. Q.1 and Q.4 are compulsory.
2. Figures to right indicate marks.
3. Section wise separate answer book to be used.
4. Draw neat sketches wherever necessary.

SECTION-I

- Q.1** **A)** Write a note on reference standards and reagents and glasswares used in Pharmaceutical Analysis as per Good Laboratory Practice. **05**
- B)** Explain the calibration of pH meter and HPTLC. **05**
- Q.2** Give the difference between Calibration and Validation. Explain in detail calibration parameters of UV Visible Spectrophotometer. **10**

OR

- Q.2** Discuss the role of pKa determination, solubility studies and dissolution testing during preformulation stage. **10**
- Q.3** **Answer the following (Any three)** **15**
- (A)** Discuss the methods of analysis to determine the quality of Skin care products.
- (B)** Give the Objectives and functions of Food Safety and Standard Act 2006.
- (C)** Enlist the methods of analysis for (a) Hair Oil and (b) Chocolate.
- (D)** Enlist the Physical and Physicochemical Methods as per IP 2010.

SECTION-II

- Q.4** **(A)** Define Analytical Method Validation. State the importance and parameters involved in validation. **05**
- (B)** Explain in brief: (i) Precision, (2) Robustness. **05**
- Q.5** Write a note on advantages and steps involved in the implementation of QbD in the analytical method development of Pharmaceuticals. **10**

OR

- Q.5** Discuss the applications of LIMS in Pharmaceutical Industries. **10**

- (A) Enlist calibration parameters for HPLC system and Explain any two.
- (B) Enlist the pharmacopoeial test for creams as per Indian Pharmacopoeia and explain any two.
- (C) Enlist the varied parameters that needs to optimized for HPLC method development. Explain any one in detail.
- (D) Enlist the pharmacopoeial test for tablets- as per Indian Pharmacopoeia and explain any two.
