

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

Second Semester of M. Pharm (Quality Assurance)

University Theory Examination - May 2016

PH816.09 QUALITY MANAGEMENT OF PHARMACEUTICALS

Date: 09.05.2016, Monday

Time: 01.30 p.m. to 04.30 p.m.

Maximum Marks: 70

Instructions:

1. Q.1 and Q.4 are compulsory.
2. Figures to right indicate marks.
3. Section wise separate answer book to be used.
4. Draw neat sketches wherever necessary.

SECTION – I

- Q.1 (A) Explain the terms: (1) Quality, (2) Quality Assurance, (3) Total Quality Management, (4) Quality Policy 04
- (B) Describe the management responsibility in implementing Pharmaceutical Quality System. 06
- Q.2 What is ISO 9001? Enlist the components of ISO 9001 Quality System. Describe benefits of implementing ISO in Pharmaceutical industry. How ISO quality system differs from GMP requirements? 10

OR

- Q.2 Enlist quality tools used for total quality management. Describe the role of ANY THREE quality tools with suitable examples. 10
- Q.3 Answer the following (Any three) 15
- (A) Give overview of Deming's contribution in Quality Movement. Write Deming's 14 points for increasing quality.
- (B) What is ICH Q10? Write about its scope, objectives and enablers. Depict major features of ICH Q10 using a diagram.
- (C) Discuss the responsibilities of analyst and laboratory supervisor in identifying and assessing OOS test results.
- (D) How elements of quality system can be applied throughout the life cycle of pharmaceutical product? Describe briefly.

SECTION – II

- Q.4 (A) Define packaging. Describe the characteristics of an ideal package. 05
- (B) Write a note on the steps that could be involved in identifying and assessing the OOS test results obtained during the assay of an Ophthalmic formulation by HPLC procedure. 05
- Q.5 Define HACCP. Describe principles and application of HACCP System. 10

OR

- Q.5 Enlist the elements of Quality Management System. Describe (1) Contract Review and (2) Design and Development Control elements. 10

Q.6

Answer the following (Any three)

15

- (A) Describe handling of complaints as per GDP. Define product recall and enlist the types of product recall.
- (B) Classify packaging materials. Discuss the factors to be considered while selecting a packaging material.
- (C) Describe the types, advantages, disadvantages and performance tests of glass containers.
- (D) Give the classification of plastics used for fabricating pharmaceutical containers and explain their different properties.
