

CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY

2nd Semester of M. Pharm (Quality Assurance)

University Theory Examination April/May 2015

PH 816.07 Pharmaceutical Validations and Documentation

Date: 15/05/2015, Friday

Time: 10:00 a.m to 1:00 p.m

Maximum Marks: 70

Instructions:

1. Q.1 and Q.4 are compulsory.
2. Figures to right indicate marks.
3. Section wise separate answer book to be used.
4. Draw neat sketches wherever necessary.

SECTION-I

- Q.1 A) What is Validation? Give detailed account on Installation Qualification. 05
B) Define and explain. (i) Concurrent Validation (ii) Revalidation. 05
Q.2 A) Explain the basic principles involved in validation of sterile products. 10
B) How will you validate HVAC system installed in sterile manufacturing facility?

OR

- Q.2 A) Define Validation master plan and explain its importance in setting new manufacturing facility. 10
B) What is Cleaning Validation? Explain in detail general procedure for Cleaning Validation.
Q.3 Answer the following (Any three) 15
(A) Write a note on vendor qualification with respect to procurement of materials
(B) Write a note on Validation of Fluid bed dryers.
(C) Write a brief note on software system validation.
(D) Give the flow chart for Retrospective Process Validation.

SECTION-II

- Q.4 A) What are the step for the maintaining the records of finish product? 05
B) What is the process of collection of complain of pharmaceutical product? 05
Q.5 A) Explain in detail cleaning validation of double cone machine. 05
B) Explain in detail parts of batch manufacturing records. 05

OR
