

# **CHAROTAR UNIVERSITY OF SCIENCE & TECHNOLOGY**

## **Second Semester of M. Pharm**

**[Pharmaceutical Technology, Pharmaceutics (Drug Regulatory Affairs, Quality Assurance, Clinical Pharmacy, Pharmacology and Toxicology)]**

**University Theory Examination April/May 2018**

### **PHCC006 RESEARCH METHODOLOGY**

**Date:** 02/05/2018, Wednesday

**Time:** 10:00 a.m to 01:00 p.m

**Maximum Marks:** 70

#### **Instructions:**

1. Q.1 and Q.4 are compulsory.
2. Figures to right indicate marks.
3. Section wise separate answer book to be used.
4. Draw neat sketches wherever necessary.

### **SECTION-I**

- Q.1 (A)** Discuss in detail the various information sources for literature survey. **05**
- (B)** What is research? Describe in detail the objectives of research. **05**
- Q.2** Describe in detail the different segments of research report. **10**

#### **OR**

- Q.2 (A)** Explain with suitable example, the qualitative and quantitative research. **05**
- (B)** Discuss the recurring and non-recurring section of budget for the research project. **05**
- Q.3 Answer the following (Any three)** **15**
- (A)** Discuss various types of research with suitable example.
- (B)** What is research problem? Explain with suitable example, the formulation of rationale for pharmaceutical research problem.
- (C)** What is citation in publication? What are the purposes and systems of citation in publication?
- (D)** Write note on sources of error in pharmaceutical research.

## **SECTION-II**

- Q.4 (A)** What is laboratory notebook? Describe its importance in detail. **05**
- (B)** Discuss the effective use and importance of tables and figures in research report. **05**
- Q.5** Write a note on various sources for procurement of grant for research project. **10**

**OR**

- Q.5 (A)** Explain with suitable research problem, the content of a power point presentation. **05**
- (B)** Explain with example the factors affecting cost analysis of research project. **05**
- Q.6 Answer the following (Any three)** **15**
- (A)** Explain with suitable example, the preparation and presentation of work done for literature review.
- (B)** Explain with suitable example, the application of screening designs in pharmaceutical research.
- (C)** Explain the use of computer in effective management of research records and documents.
- (D)** Discuss the importance of research presentation. Explain different types of skills required for good presentation.
