Batch: 2022-25

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY - CHARUSAT

Accredited with Grade A+ by NAAC, GoI

Education Campus – Changa, (ECC), hitherto a conglomerate of institutes of professional education in Engineering, Pharmacy, Computer Applications, Management, Applied Sciences, Physiotherapy and Nursing, is one of the choicest destinations by students. It has been transformed into Charotar University of Science and Technology (CHARUSAT) through an Act by Government of Gujarat. CHARUSAT is permitted to grant degrees under Section-22 of UGC – Government of India.

The journey of CHARUSAT started in the year 2000, with only 240 Students, 4 Programmes, one Institute and an investment of about Rs. 3 Crores (INR 30 million). At present there are nine different institutes falling under ambit of six different faculties. The programmes offered by these faculties range from undergraduate (UG) to Ph.D degrees. These faculties, in all offer 74 different programmes. A quick glimpse is as under:

Faculty	Institute	Programmes Offered
Faculty of Technology and Engineering	Chandubhai S. Patel Institute of Technology	B.Tech M.Tech Ph.D
Faculty of Pharmacy	Ramanbhai Patel College of Pharmacy	B.Pharm M.Pharm Ph.D PGDCT / PGDPT
Faculty of Management Studies	Indukaka Ipcowala Institute of Management	BBA MBA Ph.D
Faculty of Computer Applications	Smt. Chandaben Mohanbhai Patel Institute of Computer Applications.	BCA MCA M.Sc IT Ph.D BCA
Faculty of Sciences	P.D. Patel Institute of Applied Sciences	B.Sc M.Sc Ph.D
Faculty of Medical Sciences	Ashok and Rita Institute of Physiotherapy	B.PT M.PT Ph.D
	Manikaka Topawala Institute of Nursing	B.Sc (Nursing) P.B. B.Sc. Nursing GNM M.Sc.

		Ph.D
	Bapubhai Desaibhai Patel Institute of Paramedical Sciences	BMIT BSMT BOTAT BOP MSc. MIT MSMLT MSOTAT PGDMLT PGDCH Ph. D

The development and growth of the institutes have already led to an investment of over Rs.150 Crores (INR 1500 Million). The future outlay is planned with an estimate of Rs.250 Crores (INR 2500 Million).

The University is characterized by state-of-the-art infrastructural facilities, innovative teaching methods and highly learned faculty members. The University Campus sprawls over 125 acres of land and is Wi-Fi enabled. It is also recognized as the Greenest Campus of Gujarat.

CHARUSAT is privileged to have 360 core faculty members, educated and trained in IITs, IIMs and leading Indian Universities, and with long exposure to industry. It is also proud of its past students who are employed in prestigious national and multinational corporations.

From one college to the level of a forward-looking University, CHARUSAT has the vision of entering the club of premier Universities initially in the country and then globally. **High Moral Values like Honesty, Integrity and Transparency** which has been the foundation of ECC continues to anchor the functioning of CHARUSAT. Banking on the world class infrastructure and highly qualified and competent faculty, the University is expected to be catapulted into top 20 Universities in the coming five years. In order to align with the global requirements, the University has collaborated with internationally reputed organizations like Pennsylvania State University – USA, University at Alabama at Birmingham – USA, Northwick Park Institute –UK, ISRO, BARC, etc.

CHARUSAT has designed curricula for all its programmes in line with the current international practices and emerging requirements. Industrial Visits, Study Tours, Expert Lectures and Interactive IT enabled Teaching Practice form an integral part of the unique CHARUSAT pedagogy.

The programmes are credit-based and have continuous evaluation as an important feature. The pedagogy is student-centered, augurs well for self-learning and motivation for enquiry and research, and contains innumerable unique features like:

- Participatory and interactive discussion-based classes.
- Sessions by visiting faculty members drawn from leading academic institutions and industry.
- Regular weekly seminars.

- Distinguished lecture series.
- Practical, field-based projects and assignments.
- Summer training in leading organizations under faculty supervision in relevant programmes.
- Industrial tours and visits.
- Extensive use of technology for learning.
- Final Placement through campus interviews.

Exploration in the field of knowledge through research and development and comprehensive industrial linkages will be a hallmark of the University, which will mould the students for global assignments through technology-based knowledge and critical skills.

The evaluation of the student is based on grading system. A student has to pursue his/her programme with diligence for scoring a good Cumulative Grade Point Average (CGPA) and for succeeding in the chosen profession and life.

CHARUSAT welcomes you for a Bright Future.....

CHARUSAT

FACULTY OF MANAGEMENT STUDIES

ACADEMIC REGULATIONS

Bachelor of Business Administration (BBA) – ENVM Programme

To ensure uniform system of education, duration of undergraduate and post graduate programmes, eligibility criteria for and mode of admission, credit load requirement and its distribution between course and system of examination and other related aspects, following academic rules and regulations are recommended.

1. *System of Education*

The Semester system of education should be followed across The Charotar University of Science and Technology (CHARUSAT) both at Undergraduate and Master's levels. Each semester will be at least 90 working day duration. Every enrolled student will be required to take a specified load of course work in the chosen subject of specialization and also complete a project/dissertation if any.

2. *Duration of Programme*

2.1 The Bachelor of Business Administration (BBA) – Entrepreneurship and New Venture Management programme of Charotar University of Science and Technology (CHARUSAT) is a ***three-year full-time*** under-graduate programme, leading to the award of the degree of Bachelor of Business Administration (BBA).

2.2 The span of the programme is six years (as decided by the university from time to time) from the date of registration in the programme.

3. *Eligibility and mode of admissions*

3.1 **Candidate** should have passed 12th standard (or equivalent) examination (any stream) with English as a subject is eligible for admission to the BBA – Entrepreneurship and New Venture Management Programme and according to the regulations for admission decided by CHARUSAT from time to time.

4. *Programme structure and Credits*

4.1 ***A student admitted to a program should study the course and earn credits specified in the course structure.*** The details of programme structure, credit requirements, areas of specialisation proposed to be offered, etc. are presented at Appendix – I.

4.2 *Programme Outcomes (PO)*

Graduates will be able to...

PO1 - Analyse contemporary issues and apply management knowledge for resolution.

PO2 - Practice effective communication and interpersonal skills.

PO3 - Understand Global Perspectives and exhibit Cross-Cultural sensitivity.

PO4 - Demonstrate Attitude for continuous learning and development.

5. Attendance

5.1 All activities prescribed under these regulations and listed by the course faculty members in their respective course outlines are compulsory for all students pursuing the courses. No exemption will be given to any student from attendance except on account of serious personal illness or accident or family calamity that may genuinely prevent a student from attending a particular session or a few sessions. However, such unexpected absence from classes and other activities will require to be condoned by the Dean/Principal.

5.2 Student attendance in every course should be 80%.

6 Course Evaluation

6.1 The performance of every student in each course will be evaluated as follows:

- 6.1.1 Internal evaluation by the course faculty member(s) based on continuous assessment, for 30% of the marks for the course; and
- 6.1.2 Final examination by the University through written paper or practical test or oral test or presentation by the student or a combination of these, for 70% of the marks for the course.

6.2 University Examination

- 6.2.1 The final examination by the University for 70% of the evaluation for the course will be through written paper or practical test or oral test or presentation or a combination of these.
- 6.2.2 In order to earn the credit in a course, a student has to obtain a grade other than FF.

6.3 Performance at Internal Evaluation Components and University Examination

If a student secures minimum passing marks of 40% in the University examinations in any course but fails to obtain the minimum passing total percentage of 50%, he/she has to repeat the university examination in the course.

Minimum percentage marks in University Exam for pass in any course	Minimum total percentage marks (i.e. internal+ University) for pass in any course
40%	50%

7. Grading

7.1 The total of the internal evaluation marks and final University examination marks in each course will be converted to a letter grade on a ten-point scale as per the following scheme:

Grading Scheme:

Letter Grade	AA	AB	BB	BC	CC	CD	DD	FF
Grade Point	10	9	8	7	6	5	4	0

7.2 The student's performance in any semester will be assessed by the Semester Grade Point Average (SGPA). Similarly, his performance at the end of two or more consecutive semesters will be denoted by the Cumulative Grade Point Average (CGPA). The SGPA and CGPA are calculated as follows:

(i) $SGPA = \frac{\sum C_i G_i}{\sum C_i}$ where C_i is the number of credits of course i
 G_i is the Grade Point for the course i
 and $i = 1$ to n , n = number of courses in the semester

(ii) $CGPA = \frac{\sum C_i G_i}{\sum C_i}$ where C_i is the number of credits of course i
 G_i is the Grade Point for the course i

and $i = 1$ to n , n = number of courses of all semesters up to which CGPA is computed.

(iii) No student will be allowed to move to the second academic year if his/her CGPA is less than 3 at the end of the first academic year.

(iv) in addition to above, a student has to comply with the requirements of the regulatory bodies, wherever such requirements exist.

(v) A student will have a maximum of four chances* after first appearing in that examination to clear that course, subject to the restriction on the span period stipulated in clause 2.2 above.

*(*Whenever the university conducts the examinations of that course, it will be considered as a chance, irrespective of whether the student appears for the examination or not.)*

8. Awards of Bachelor Degree

8.1 Every student of the programme who fulfils the following criteria will be eligible for the award of the degree:

8.1.1 He should have earned at least minimum required credits as prescribed in course structure.

8.2 Any student who fails to satisfy minimum requirement of CGPA will be allowed to improve the grades so as to secure a minimum CGPA for the award of degree.

9. Award of Class:

The class awarded to a student in the programme is decided by the final CGPA as per the following scheme:

First Class with Distinction	= CGPA of 7.50 and above
First Class	= CGPA of 6.00 to 7.49
Second Class	= CGPA of 5.00 to 5.99

10 Transcript:

The transcript issued to the student at the time of leaving the University will contain a consolidated record of all the courses taken, credits earned, grades obtained, SGPA, CGPA and class obtained.

Appendix – I

Details of BBA – Entrepreneurship and New Venture Management Programme Structure, Credit Requirements and Specialisation

A1. Programme Structure

- A1.1 The programme is structured into *six semesters*, consisting of classroom contact-based work and *Organization Attachment Programme*.
- A1.2 Each semester will be for a minimum of *90 working days* for classroom work, covering classroom contact sessions, laboratory/tutorial/library/group work, case discussions and presentation, field-based as well as library/internet search-based assignments and projects, classroom exercises, management and simulation games, short quizzes, and class tests. The duration for any organizational attachment/training during the semester and final University examinations will be in addition to the 90 working days.
- A1.3 *Organization Attachment Programme* will be for a minimum duration of 45 working days and will commence at the end of the fourth semester classroom work.
- A1.4 The structure of the BBA - ENVM programme is as shown in the following figure:

Figure A1: BBA - ENVM Programme Structure

A2. Credits

- A2.1 Any student of the BBA – Entrepreneurship and New Venture Management programme who earns 134 credits by pursuing the prescribed course work and passing all tests, examinations, assignments, laboratory work, projects and all other evaluation components as per the passing standards of the University will be eligible for the award of the Bachelor of Business Administration (BBA).

- A2.2 The current distribution of credits over the Three-year period for classroom contact sessions and laboratory/ tutorial/ library/ group work sessions will be as follows:

TableA2: Semester-wise Distribution of Credits

Sl. No.	Semester	Number of Credits
1	Semester - 1	20
2	Semester - 2	20
3	Semester - 3	24
4	Semester - 4	22
5	Semester - 5 (Including Organization Attachment Programme) (20+4)	22
6	Semester - 6	20
	Total Credits	128

A3. Courses, Curricula and Revision

- A3.1 The Faculty Board of the Faculty of Management Studies and the Dean of the Faculty of Management Studies will keep the curricula current and in tune with the changes happening in the world of management and make it relevant to the needs of different organs of society.
- A3.2 The review of the programme, its structure, the course curricula, pedagogy and evaluation will be undertaken by the individual Boards of Studies at least once in every two years.

Bachelor of Business Administration (BBA) – ENVM Programme

SYLLABI

(Semester – V)

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

BME501: ORGANIZATIONAL ATTACHMENT PROGRAM YEAR 3, SEMESTER – 5

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
04	Practical	04	60

Rationale

Organizational attachment program is a summer internship which provides students an opportunity to hone a range of professional skills such as critical thinking, problem solving skills and working in teams. The idea of dealing with unfamiliar settings and having to work on newer real-world problems will force the students to get out of their comfort zone and lead to self-discovery. Internships typically provide a great exposure to students across key functional areas, key customers and critical projects. This would force interns to quickly adapt and adopt the state-of-the-art practices that are considered by companies. During the internship, interns can afford to make mistakes, correct and learn from such mistakes and gain immense experience to develop their vision for personal growth from a long-term perspective. An internship will help the students to not only learn about their capabilities but will also encourage them to have better traction on their strengths and weaknesses and learn more about themselves.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Weeks
1	Internship Project Report	30
2	Research Project	30
Total Contact Hours		60

Course Syllabus

Part 1: Internship Project Report

30 hours

Industry overview, About the company / organization, Departmental Information, Information about Products / Services, SWOT analysis of the company / organization, BCG Matrix for the company / organization, Financial Statements of the current year and previous year, Financial analysis using several tools (Ratio Analysis, and Comparative Statements), Activities/Project undertaken during training period as per log book and task based learning diary, Highlight achievements and challenges during entire training period, Explain how the internship contributed to the your academic and professional development, Contributions to the Company: Highlight any innovative ideas, process improvements, or contributions to ongoing projects, Feedback and Evaluation: Include feedback received from supervisors, mentors, or colleagues, Conclusion: Summarize the overall internship experience. Reiterate key takeaways and achievement, References: Cite any sources or references used in the report.

Part 2: Research Project

30 hours

Title of the Research Project, Abstract, Keywords, Introduction, Literature Review, Research Methodology, Data Analysis and Its Interpretation, Findings, Conclusion and Recommendations, if any, Limitations of the study, Scope for further research, References, Annexures (Questionnaire etc.).

Course Evaluation

I. Continuous and Comprehensive Evaluation (30 Marks)

Component	Marks
Part-I	10
Part-II	20
Total marks (CCE)	30

II. Semester End Evaluation (70 Marks):

- University Examination will be carried out at the end of the semester.
- Practical examination will be based on project or report presentation and viva-voce examination or software based analysis depending on the nature of the course.

Journals/ Magazines/ Newspaper:

1. Journals available in the Library.
2. Subscribed E-Journals.
3. Open access research articles/journals

Programme Outcomes: Upon successful completion of the course, students will be,

PO1	Analyze contemporary issues and apply management knowledge for resolution.
PO2	Practice effective communication and interpersonal skills.
PO3	Understand Global Perspectives and exhibit Cross-Cultural sensitivity.
PO4	Demonstrate Attitude for continuous learning and development.

Course Outcomes: Upon successful completion of the course, students will be,

CO1	Ability to comprehend all the learning of the previous semesters.
CO2	Develops an in-depth understanding of all the general and functional areas of the organization.
CO3	Investigating on a topic related to their area of interest and developing a comprehensive understanding of the same.
CO4	Evolves critical thinking skills in the students.
CO5	Skills to determine the challenges and future potential for the internship organization in particular and the sector in general.
CO6	Applying various soft skills such as time management, positive attitude and communication skills during performance of the tasks assigned in the internship organization.
CO7	Seeking variety of career options in finance, accounting, marketing, analytics, HR, and entrepreneurship.

BME502: STRATEGIC MANAGEMENT YEAR 3, SEMESTER – V

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
04	Theory	04	60

Rationale

This course in Strategic Management is designed to equip students with a robust understanding of essential concepts, principles, and practical applications vital for effective organizational decision-making. In today's dynamic business landscape, strategic management is a cornerstone for achieving long-term success and competitive advantage. The course covers topics ranging from the foundational meaning and nature of strategic management to the practical aspects of strategic planning, emphasizing the significance of aligning organizational objectives with strategic initiatives. By fostering a nuanced understanding of strategic concepts and decision-making processes, the course prepares students to navigate complexities, capitalize on opportunities, and contribute strategically to organizational success in real-world scenarios.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Nature and Evolution of Strategic Management	10
2	Strategic Management Process	10
3	Hierarchy of Strategic Intent	10
4	Environment Analysis	10
5	Business Strategy	10
6	Strategic Organizational Design	10
Total Contact Hours		60

Course Syllabus

Module 1: Nature and Evolution of Strategic Management **10 hours**

Meaning of Strategic Management, Nature of Strategic Management, Benefits of Strategic Management, Limitations of Strategic Management, Concepts of Strategy, Policy and Tactics, Levels of Strategy, Concept of Strategic Planning, Process of Strategic Planning, Strategic Planning Vs Strategic Management.

Module 2: Strategic Management Process **10 hours**

Strategic Decision Making, Approaches to Strategic Decision making, Process and Model of Strategic Management, Participants in Strategic Management.

Module 3: Hierarchy Strategic Intent **10 hours**

Concepts of Strategic Intent, Vision, Mission, Business Definition, Business Model, Goals and Objectives, Stakeholders Approach to Organizational Objectives, Balanced Scorecard approach to objective setting, Critical Success Factors.

Module 4: Environment Analysis **10 hours**

Concept of Environment, Nature and Components of Environment, Concept and Role of Environment Analysis, Industry Analysis, Competition analysis.

Module 5: Business Strategy **10 hours**

Business-Level Strategy: How to Compete for, Differentiation Strategy, Cost-Leadership Strategy, Business-Level Strategy and the Five Forces.

Module 6: Strategic Organizational Design **10 hours**

Organizational Design and Competitive Advantage, Strategy and Structure, Organizing for Innovation, Strategic Control-and-Reward Systems.

Course Evaluation

BME505: COPYRIGHTS, PATENTES AND IPR
YEAR 3, SEMESTER – V

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
04	Theory	04	60

Rationale

Intellectual Property is the key driving force in technology education system in today's technology frontier. Thus, the course has been specifically designed to create awareness about the importance of IPR. The course would essentially focus on basics of Patents, Copyright, Industrial Design, Trade Secrete, Geographical Indication and Trademark and also generate awareness on the drafting, filing, prior art search and related legal processes. The course would also deal with understanding of the international regime of Intellectual Property (IP) law. The course will provide valuable insights from industries through relevant case studies and examples that have been woven in to illustrate how companies are successfully applying Intellectual Property Rights in India and abroad. The course will guide and create a proper road map for budding Innovators and provide unique business opportunity for star-ups. With this, the course will also provide the opportunities to enlighten the aspiring students to get the career options in the field of Intellectual Property Rights in Public and Private Sectors.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Introduction to Intellectual Property and Patent	12
2	Copyrights and Trademark	09
3	Industrial Designs	09
4	Semiconductor Integrated Circuits Layout Design and Geographical Indications	09
5	Plant Varieties Protection and Trade Secrets	10
6	IPR Commercialization	11
Total Contact Hours		60

Course Syllabus

Module 1: Introduction to Intellectual Property and Patent

10 hours

Concept of Intellectual Property, Historical view of Intellectual Property system in India, Need for Protecting Intellectual Property, Major IP Laws in India & abroad, Types of IPR, Patents: Concept of Patent, Criteria of Patentability, Inventions NOT patentable, Process of Obtaining a Patent, Duration of Patents, Rights of Patentee, Limitation of rights, Infringement and Enforcement

Module 2: Copyrights and Trademark

05 hours

Copyrights: Meaning of Copyright, Copyright eligibility, Term of Copyright, Registration of Copyright, Infringement and Remedies, Trademark: Meaning of Trademark, Criteria for trademark, Protection of Well-known marks, Concept of distinctiveness, Procedure for Trademark Registration, Term of protection, Infringement and Remedies

Module 3: Industrial Designs

05 hours

Industrial Designs: Meaning of Industrial Designs, Subject matter of Design, Exclusion of Designs, Novelty and Originality, Rights in Industrial Designs: Nature, Acquisition and duration of rights, Infringement and Enforcement Mechanisms

Module 4: Semiconductor Integrated Circuits Layout Design and Geographical Indications

15 hours

Semiconductor Integrated Circuits Layout Design: Concept of SICLDR, Criteria of SICLDR, Procedure for registration of Lay-out Design, Infringement and Enforcement Mechanisms, Geographical Indications: Meaning of GI, Concept of Authorized user, Infringement, Offences & Penalties

Module 5: Plant Varieties Protection and Trade Secrets

10 hours

Plant Varieties Protection: Protection of Plant Varieties and Farmer's rights, Objectives of Plant Varieties Act, Registration of Plant Varieties, Duration and effect of Registration, Infringement, Offences, Remedies, Trade Secrets: Meaning of Trade Secrets, need to protect Trade secrets, Essentials and Misuse of Trade Secrets, Criteria of Protection, Procedure for registration, Infringement

Module 6: IPR Commercialization

15 hours

Commercialization of IPR: Traditional IP and Evolving IP, Assignment, Licensing, Cross License, Negotiations, Defensive Publications, Technical Disclosures, Patent Pooling, Patent Trolling, Patent Mining, Patent Landscaping and Patent Mapping

Bachelor of Business Administration (BBA) – ENVM Programme

SYLLABI

(Semester – VI)

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

BME601: BUSINESS LEGENDS
YEAR 3, SEMESTER – VI

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
03	Practical	03	45

Rationale

The course on "Business Legends" is strategically positioned to complement the managerial skillset acquired throughout the BBA program. By studying the journeys, strategies, and philosophies of iconic business figures, students gain a deeper appreciation for the complexities and nuances of leadership and entrepreneurship. They learn not only from successes but also from failures and challenges encountered by these business legends, thus preparing them to navigate similar situations in their professional lives.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	An Illustrated History of Indian Enterprise	15
2	The Pioneers	15
3	Exemplary Business Icons	15
Total Contact Hours		45

Course Syllabus

Module 1: An Illustrated History of Indian Enterprise **15 hours**

Origins of Indian Enterprise from Ancient Times to 1947; Trade and Commerce in Early India; Trade and Merchants in Mugal India; The Indian Merchants of Astrakhan; Indian Enterprise Since Independence – From Trade to Industry; India Inc. –Policy Impact on Business (1947-2012); Multinationals in India –A Dynamic Perspective.

Module 2: The Pioneers **15 hours**

Life of developers of business; JRD Tata, G D Birla, Steve Jobs, Dhiru Bhai Ambani, Verghese Kurien, Bill Gates, William Bernbach, etc.

Module 3: Exemplary Business Icons **15 hours**

The Exemplary CEOs: Knowing the classic CEOs like- Ratan Tata, Rahul Bajaj, Jeff Wenier, Mukesh Ambani, Mark Zuckerberg, Venu Srinivasan, K V Kamath,, Bob Iger, Nandan Nilkeni, Larry Page and many more; The Business Icons: Learning from the lives of Business Icons such as- Luxmi N Mittal, N R Narayana Murthy, Azim H Premji, Sunil Mittal, Kumar Manglam Birla, T S Kalyanraman, Women Business Leaders: Understanding the stories of Women Business Leaders like- Kiran Mazumdar Shaw, Indra Nooyi, Debbi Fields, Hillary Clinton, Oprah Winfrey, Naina Lal Kidwai, Chanda Kochhar, Amrita Patel

Course Evaluation

I. Continuous and Comprehensive Evaluation (30 Marks)

Component	Marks
Quiz	80
Assignment/ Project/ Presentation	90
Online Course	60
Internal Examination	40
Participation	30
Total marks (CCE)	300

II. Semester End Evaluation (70 Marks):

- University Examination will be carried out at the end of the semester.
- Practical examination will be based on project or report presentation and viva-voce examination or software-based analysis depending on the nature of the course.

BME602: GRAND PROJECT YEAR 3, SEMESTER – VI

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
06	Practical	06	90

Rationale

The Grand Project serves as a culmination of the academic journey for BBA students, offering a comprehensive opportunity to apply theoretical knowledge, research skills, and critical thinking abilities to a real-world business problem or phenomenon. The rationale behind implementing the Grand Project is multifaceted and encompasses several key objectives. Through the process of conceptualizing, designing, and executing a research project, students develop essential research skills such as problem identification, literature review, research methodology selection, data collection, analysis, and interpretation. These skills are instrumental in fostering a research-oriented mindset and preparing students for future professional endeavors.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed textbook, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Introduction and Background of the Topic/Study	10
2	Literature Review	10
3	Problem Identification & Structural Development	15
4	Research Methodology	15
5	Data Analysis & Interpretation	15
6	Findings & Conclusions	15
7	Suggestions, Limitations of the study, Contribution of the study & Future Scope of the study	10
Total Contact Hours		90

Course Syllabus

Module 1: Introduction and Background of the Topic/Study **10 hours**

Background of the industry /sector Growth and Evolution of the Industry, Analytical Data of world, country and state market, PESTEL Analysis, SWOT Analysis

Module 2: Literature Review **10 hours**

Literature review from secondary data sources.

Module 3: Problem Identification & Structural Development **15 hours**

Introduction of the study, Rational of the study, Research problem/Research Questions, Identification of Research Gap, Variables Identification and Structure Development of Research

Module 4: Research Methodology **15 hours**

Research Objectives, Census/Population, Sample, Sampling Methods, Data Collection Methods, Data Collection Instruments, Data Analysis Methods, Hypothesis Formation

Module 5: Data Analysis & Interpretation **15 hours**

Reliability and Validity of Scale, Data Analysis and Interpretation, Descriptive Statistics (Tables, Cross Tabulations & Charts), Inferential Analysis (Any Statistical tests of Correlation/Regression)

Module 6: Findings & Conclusions **15 hours**

Identifying and Justifying

Module 7: Suggestions, Limitations of the study, Contribution of the study & Future Scope of the study **10 hours**

Suggestions, limitations of the study, Contribution of the study & future Scope of the study

Course Evaluation

I. Continuous and Comprehensive Evaluation (30 Marks)

- The Internal Evaluation Component shall be shared by the course coordinator.

II. Semester End Evaluation (70 Marks):

- University Examination will be carried out at the end of the semester.
- Theory examination will be for 3 hours based on written paper for 70 marks.

Programme Outcomes: Upon successful completion of the course, students will be,

PO1	Analyze contemporary issues and apply management knowledge for resolution.
PO2	Practice effective communication and interpersonal skills.
PO3	Understand Global Perspectives and exhibit Cross-Cultural sensitivity.
PO4	Demonstrate Attitude for continuous learning and development.

Course Outcomes: Upon successful completion of the course, students will be,

CO1	Develop proficiency in conducting independent research
CO2	Learn the practical applications in real life business situations
CO3	Demonstrate advanced critical thinking and analytical skills
CO4	Develop leadership and communication skills

BME603: BUSINESS LAWS
YEAR 3, SEMESTER – VI

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
02	Theory	02	30

Rationale

Students have to deal with various types of Laws. And understand the basic principles underlying the provisions of Contract act., Sale of goods act., Companies act, and other commercial laws and the recent amendments regarding contemporary issues in India.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Contract Law	05
2	Sales of Goods	05
3	Bailment, Pledge and Lien	05
4	Letter of Credit, Indemnity, Guarantee and Bond	05
5	Company Laws	05
6	Contemporary Issues	05
Total Contact Hours		30

Course Syllabus

Module 1: Contract Law

05 hours

Formation of agreement, Offers and Acceptance, Business Contracts, Modalities of communication, Unilateral and Bilateral contract, Alternation and termination of contract, Void and Voidable Contract.

Module 2: Contract of sale

11 hours

Transfer of ownership, Carriage, Delivery and Ownership, Performance and Right of Buyer and seller

Module 3: Special Contracts

12 hours

Bailment, Pledge and Hypothecation, Lien

Module 4: Commercial contracts

11 hours

Letter of Credit, Identity and Guarantee, Bank Guarantee, Performance Guarantee and Bonds, Contract of Insurance.

Module 5: Company Laws

12 hours

Incorporation of Companies, Corporate Personality, Meeting and Altering Constitution of The Company, Share Capital

Module 6: Contemporary Issues

05 hours

Consumer Protection Act, Intellectual Property Rights, Banking Law, Right to Information Act (RTI), Information Technology Act

Course Evaluation

BME604: ENTERPRISE GROWTH AND SUCCESSION
YEAR 3, SEMESTER – VI

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
04	Theory	04	60

Rationale

Entrepreneurship can be very challenging and the growing an enterprise is one of the biggest challenges faced by an entrepreneur. This equips the students specializing in entrepreneurship with essential knowledge and skills for navigating business growth and succession planning. It covers strategies for scaling up operations, entering new markets, and ensuring continuity in ownership and leadership transitions. By studying this subject, students gain a comprehensive understanding of the strategic frameworks and managerial practices necessary for fostering sustainable growth and seamless transitions in entrepreneurial ventures.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

1	Introduction to Enterprise Growth	10
2	Internal Strategies for Growth	10
3	External Strategies for Growth	10
4	Going Public	10
5	Exit Strategies	10
6	Contemporary Issues in Enterprise Growth	10
Total Contact Hours		60

Course Syllabus

Module 1: Introduction to Enterprise Growth

10 hours

Introduction, Preparing for Growth, Reasons for Growth, Managing Stages of Growth, Challenges of Growth

Module 2: Internal Strategies for Growth

05 hours

Internal Growth Strategies: New Product Development, Other Product-Related Strategies, International Expansion, Barriers to International Growth, Steps to International Growth

Module 3: External Strategies for Growth

05 hours

Diversification, Joint Ventures, Mergers and Acquisitions, Franchising, Licensing

Module 4: Going Public

15 hours

Advantages of Going Public, Disadvantages of Going Public, Alternatives to Going Public, Legal Issues and Qualifications, After Going Public

Module 5: Exit Strategies

10 hours

Reasons for Exiting, An overview of Bankruptcy and Reorganization, Succession of Business, Harvesting Strategy, Benefits of IPO (Initial Public Offering)

Module 6: Contemporary Issues in Enterprise Growth

15 hours

Contemporary Issues in Enterprise Growth, Case Studies

3. Scaling Up: How a Few Companies Make It...and Why the Rest Don't, Verne Harnish,

Programme Outcomes: Upon successful completion of the course, students will be,

PO1	Analyze contemporary issues and apply management knowledge for resolution.
PO2	Practice effective communication and interpersonal skills.
PO3	Understand Global Perspectives and exhibit Cross-Cultural sensitivity.
PO4	Demonstrate Attitude for continuous learning and development.

Course Outcomes: Upon successful completion of the course, students will be,

CO1	Understand the various stages of enterprise growth and identify strategies for effectively managing each stage.
CO2	Evaluate internal growth strategies and analyze their effectiveness in driving business expansion.
CO3	Analyze external growth strategies and determine their applicability to different business contexts.
CO4	Evaluate the decision to go public considering all its implications.
CO5	Determine the most suitable exit strategy based on the analysis of various exit options.
CO6	Apply knowledge of contemporary issues to assess their relevance and importance for specific industries.

BME605: SUPPLY CHAIN AND LOGISTIC MANAGEMENT
YEAR 3, SEMESTER – VI

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
03	Theory	03	45

Rationale

Supply Chain and Logistic Management equips students with essential knowledge and skills in managing complex supply chain networks efficiently. Understanding supply chain dynamics is integral to leveraging data analytics effectively in business decision-making processes. Students gain insights into optimizing inventory, transportation, and distribution channels, enhancing operational efficiency. The course bridges theoretical knowledge with practical applications, preparing students for real-world challenges in supply chain management. It enables students to comprehend the interdependencies within supply chains and devise strategies for mitigating risks and improving resilience. Overall, Supply Chain and Logistics Management empowers students to contribute meaningfully to organizational success through informed supply chain management practices.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Building Strategic Framework to Analyze Supply Chain	05
2	Design the Supply Chain Network	05
3	Planning Demand and Supply in Supply Chain	10
4	Planning and Managing Inventories in Supply Chain	10
5	Sourcing, Transporting and Pricing Products	10
6	Technology and Innovation in Supply Chain Management	05
Total Contact Hours		45

Course Syllabus

Module 1: Introduction to Enterprise Growth

10 hours

Understanding Supply Chain Management, Supply Chain Performance: Achieving Strategic Fit and Scope, Supply Chain Drivers and Obstacles

Module 2: Internal Strategies for Growth

05 hours

Designing the Distribution Network in a Supply Chain, Network Design in the Supply Chain, Factors Considered while selection of network design, Network Design in an Uncertain Environment

Module 3: External Strategies for Growth

05 hours

Demand Forecasting, Demand forecasting with seasonality, trends and levels, Aggregate Planning – Chase and Level Strategy

Module 4: Going Public

15 hours

Managing Economies of Scale: Cycle Inventory, Basic Economic Order Quantity(EOQ) Model
Managing Uncertainty: Safety Inventory, Inventory Management in Uncertain Lead Time and Uncertain Demand Scenario

Module 5: Exit Strategies

10 hours

Sourcing Decision in Supply Chain, Make or Buy Decision, Transportation, Use of Savings Algorithm to determine optimum routes of transportation, Modes of transportation with pros and cons

Module 6: Contemporary Issues in Enterprise Growth

15 hours

Role of technology (e.g., RFID, IoT, blockchain) in supply chain visibility and transparency, Automation and robotics in warehouse operations, Big data analytics and predictive modeling for supply chain optimization

Course Evaluation

I. Continuous and Comprehensive Evaluation (30 Marks)

Component	Marks
Quiz	80
Assignment/ Project/ Presentation	90

Charotar University of Science and Technology (CHARUSAT)

Faculty of Humanities (FoH)

Semester-VI

HS132.02 D: CONTRIBUTORY PERSONALITY DEVELOPMENT

Credits and Hours:

Teaching Scheme	Theory	Practical	Tutorial	Total	Credit
Hours/week	--	02	--	02	02
Marks	--	100	--	100	

Pre-requisite courses:

- Communication and Soft Skills

Objectives of the Course:

- Become familiar with basic concept of personality and personality development
- Understand personality development theories and strategies
- Evaluate one's personality and inculcate traits of an assertive personality
- Develop an assertive personality
- Develop life skills and required management traits
- Enhance contributory personality for academic and career success

Outline of the Course:

Sr. No.	Title of the unit	Minimum number of hours
1.	Concept of Personality	06
2.	Soft Skills and Personality Development	08
3.	Developing Contributory Personality	06
4.	Life skills and Personality Development	06
5.	Contemporary Issues in CPD	04
	Total hours (Theory) :	--
	Total hours (Practical) :	30
	Total hours :	30

Detailed Syllabus:

1.	Concept of Personality	06 Hours	20%
	Meaning of Personality, Types of Personality, Factors contributing to Personality, Personality Traits, Personality Profiling		
2.	Soft Skills and Personality Development	08 Hours	26%
	Positive Thinking and Mind Set, Leadership, Assertiveness and Negotiation Skills, Self-Management, Interpersonal Skills, Being a Team Player		
3.	Developing Contributory Personality	06 Hours	20%

	Concept of Contributory Personality, Characteristics of a Contributor, The Contributor's Vision of Success & Career, The Scope of Contribution in a field, Embarking on the Journey to Contributor ship, Developing Contributor Personality, Reviewing Some Contributors Personalities		
4.	Life skills and Personality Development	06 Hours	20%
	Concept of life skills, Self-awareness, Empathy, Decision Making, Problem Solving		
5.	Contemporary Issues in CPD	04 Hours	14%
	Contemporary Trends and Practices in Contributory Personality Development, Case Study & Presentations		

Course Outcome (COs):

At the end of the course, the students will be able to

CO1	Identify one's individual personality strengths and challenges.
CO2	Develop more assertive and optimist attitude towards work and life.
CO3	Develop quintessential soft skills to groom one's personality.
CO4	Identify traits of contributor personality.
CO5	Contribute to self, society, nation, and globe.
CO6	Develop skills of global citizenship to perform societal responsibilities.

Evaluation Scheme

The evaluation scheme for the course will comprise the following components:

Sl. No.	Marks	Details
Formative	30	In the form of Internal Exam, Assignments, Presentations, Quizzes, Projects, Activities etc.
Summative	70	In the form of University Practical Exam
