ACADEMIC REGULATIONS & SYLLABI

Faculty of Management Studies
Bachelor of Business Administration (BBA) –
General
Batch: 2023-26

Accredited with Grade A+ by NAAC, GoI

Education Campus – Changa, (ECC), hitherto a conglomerate of institutes of professional education in Engineering, Pharmacy, Computer Applications, Management, Applied Sciences, Physiotherapy and Nursing, is one of the choicest destinations by students. It has been transformed into Charotar University of Science and Technology (CHARUSAT) through an Act by Government of Gujarat. CHARUSAT is permitted to grant degrees under Section-22 of UGC – Government of India.

The journey of CHARUSAT started in the year 2000, with only 240 Students, 4 Programmes, one Institute and an investment of about Rs. 3 Crores (INR 30 million). At present there are nine different institutes falling under ambit of six different faculties. The programmes offered by these faculties range from undergraduate (UG) to Ph.D degrees. These faculties, in all offer 74 different programmes. A quick glimpse is as under:

Faculty	Institute	Programmes Offered
Faculty of Technology and Engineering	Chandubhai S. Patel Institute of Technology	B.Tech M.Tech Ph.D
Faculty of Pharmacy	Ramanbhai Patel College of Pharmacy	B.Pharm M.Pharm Ph.D PGDCT / PGDPT
Faculty of Management Studies	Indukaka Ipcowala Institute of Management	BBA MBA Ph.D
Faculty of Computer Applications	Smt. Chandaben Mohanbhai Patel Institute of Computer Applications.	BCA MCA M.Sc IT Ph.D BCA
Faculty of Sciences	P.D. Patel Institute of Applied Sciences	B.Sc M.Sc Ph.D
Faculty of Medical Sciences	Ashok and Rita Institute of Physiotherapy	B.PT M.PT Ph.D
	Manikaka Topawala Institute of Nursing	B.Sc (Nursing) P.B. B.Sc. Nursing GNM M.Sc.

		Ph.D
	Bapubhai Desaibhai Patel Institute of Paramedical Sciences	BMIT BSMT BOTAT BOP MSc. MIT MSMLT MSOTAT PGDMLT PGDCH Ph. D

The development and growth of the institutes have already led to an investment of over Rs.150 Crores (INR 1500 Million). The future outlay is planned with an estimate of Rs.250 Crores (INR 2500 Million).

The University is characterized by state-of-the-art infrastructural facilities, innovative teaching methods and highly learned faculty members. The University Campus sprawls over 125 acres of land and is Wi-Fi enabled. It is also recognized as the Greenest Campus of Gujarat.

CHARUSAT is privileged to have 360 core faculty members, educated and trained in IITs, IIMs and leading Indian Universities, and with long exposure to industry. It is also proud of its past students who are employed in prestigious national and multinational corporations.

From one college to the level of a forward-looking University, CHARUSAT has the vision of entering the club of premier Universities initially in the country and then globally. **High Moral Values like Honesty, Integrity and Transparency** which has been the foundation of ECC continues to anchor the functioning of CHARUSAT. Banking on the world class infrastructure and highly qualified and competent faculty, the University is expected to be catapulted into top 20 Universities in the coming five years. In order to align with the global requirements, the University has collaborated with internationally reputed organizations like Pennsylvania State University – USA, University at Alabama at Birmingham – USA, Northwick Park Institute –UK, ISRO, BARC, etc.

CHARUSAT has designed curricula for all its programmes in line with the current international practices and emerging requirements. Industrial Visits, Study Tours, Expert Lectures and Interactive IT enabled Teaching Practice form an integral part of the unique CHARUSAT pedagogy.

The programmes are credit-based and have continuous evaluation as an important feature. The pedagogy is student-centered, augurs well for self-learning and motivation for enquiry and research, and contains innumerable unique features like:

- Participatory and interactive discussion-based classes.
- Sessions by visiting faculty members drawn from leading academic institutions and industry.

- Regular weekly seminars.
- Distinguished lecture series.
- Practical, field-based projects and assignments.
- Summer training in leading organizations under faculty supervision in relevant programmes.
- Industrial tours and visits.
- Extensive use of technology for learning.
- Final Placement through campus interviews.

Exploration in the field of knowledge through research and development and comprehensive industrial linkages will be a hallmark of the University, which will mould the students for global assignments through technology-based knowledge and critical skills.

The evaluation of the student is based on grading system. A student has to pursue his/her programme with diligence for scoring a good Cumulative Grade Point Average (CGPA) and for succeeding in the chosen profession and life.

CHARUSAT welcomes you for a Bright Future.....

CHAROTAR UNIVERSITY OF SCIENCE

CHARUSAT

FACULTY OF MANAGEMENT STUDIES

ACADEMIC REGULATIONS

Bachelor of Business Administration (BBA) – General Programme

To ensure uniform system of education, duration of undergraduate and post graduate programmes, eligibility criteria for and mode of admission, credit load requirement and its distribution between course and system of examination and other related aspects, following academic rules and regulations are recommended.

1. System of Education

The Semester system of education should be followed across The Charotar University of Science and Technology (CHARUSAT) both at Undergraduate and Master's levels. Each semester will be at least 90 working day duration. Every enrolled student will be required to take a specified load of course work in the chosen subject of specialization and also complete a project/dissertation if any.

2. Duration of Programme

2.1 The Bachelor of Business Administration (BBA) – General programme of Charotar University of Science and Technology (CHARUSAT) is a **three-year full-time** undergraduate programme, leading to the award of the degree of Bachelor of Business Administration (BBA).

2.2 The span of the programme is six years (as decided by the university from time to time) from the date of registration in the programme.

3. Eligibility and mode of admissions

3.1 **Candidate** should have passed 12th standard (or equivalent) examination (any stream) with English as a subject is eligible for admission to the BBA - General Programme and according to the regulations for admission decided by CHARUSAT from time to time.

4. Programme structure and Credits

4.1 ***A student admitted to a program should study the course and earn credits specified in the course structure.*** The details of programme structure, credit requirements, areas of specialisation proposed to be offered, etc. are presented at Appendix – I.

4.2 Programme Outcomes (PO)

Graduates will be able to...

PO1 - Analyse contemporary issues and apply management knowledge for resolution.

PO2 - Practice effective communication and interpersonal skills.

PO3 - Understand Global Perspectives and exhibit Cross-Cultural sensitivity.

PO4 - Demonstrate Attitude for continuous learning and development.

5. Attendance

5.1 All activities prescribed under these regulations and listed by the course faculty members in their respective course outlines are compulsory for all students pursuing the courses. No exemption will be given to any student from attendance except on account of serious personal illness or accident or family calamity that may genuinely prevent a student from attending a particular session or a few sessions. However, such unexpected absence from classes and other activities will require to be condoned by the Dean/Principal.

5.2 Student attendance in every course should be 80%.

6 Course Evaluation

6.1 The performance of every student in each course will be evaluated as follows:

6.1.1 Internal evaluation by the course faculty member(s) based on continuous assessment, for 30% of the marks for the course; and

6.1.2 Final examination by the University through written paper or practical test or oral test or presentation by the student or a combination of these, for 70% of the marks for the course.

6.2 University Examination

6.2.1 The final examination by the University for 70% of the evaluation for the course will be through written paper or practical test or oral test or presentation or a combination of these.

6.2.2 In order to earn the credit in a course, a student has to obtain a grade other than FF.

6.3 Performance at Internal Evaluation Components and University Examination

If a student secures minimum passing marks of 40% in the University examinations in any course but fails to obtain the minimum passing total percentage of 50%, he/she has to repeat the university examination in the course.

Minimum percentage marks in University Exam for pass in any course	Minimum total percentage marks (i.e. internal+ University) for pass in any course
40%	50%

7. Grading

7.1 The total of the internal evaluation marks and final University examination marks in each course will be converted to a letter grade on a ten-point scale as per the following scheme:

Grading Scheme:

Letter Grade	AA	AB	BB	BC	CC	CD	DD	FF
Grade Point	10	9	8	7	6	5	4	0

7.2 The student's performance in any semester will be assessed by the Semester Grade Point Average (SGPA). Similarly, his performance at the end of two or more consecutive semesters will be denoted by the Cumulative Grade Point Average (CGPA). The SGPA and CGPA are calculated as follows:

(i) $SGPA = \frac{\sum C_i G_i}{\sum C_i}$ where C_i is the number of credits of course i
 G_i is the Grade Point for the course i
 and $i = 1$ to n , n = number of courses in the semester

(ii) $CGPA = \frac{\sum C_i G_i}{\sum C_i}$ where C_i is the number of credits of course i
 G_i is the Grade Point for the course i

and $i = 1$ to n , n = number of courses of all semesters up to which CGPA is computed.

(iii) No student will be allowed to move to the second academic year if his/her CGPA is less than 3 at the end of the first academic year.

(iv) in addition to above, a student has to comply with the requirements of the regulatory bodies, wherever such requirements exist.

(v) A student will have a maximum of four chances* after first appearing in that examination to clear that course, subject to the restriction on the span period stipulated in clause 2.2 above.

*(*Whenever the university conducts the examinations of that course, it will be considered as a chance, irrespective of whether the student appears for the examination or not.)*

8. Awards of Bachelor Degree

8.1 Every student of the programme who fulfils the following criteria will be eligible for the award of the degree:

8.1.1 He should have earned at least minimum required credits as prescribed in course structure.

8.2 Any student who fails to satisfy minimum requirement of CGPA will be allowed to improve the grades so as to secure a minimum CGPA for the award of degree.

9. Award of Class:

The class awarded to a student in the programme is decided by the final CGPA as per the following scheme:

First Class with Distinction	= CGPA of 7.50 and above
First Class	= CGPA of 6.00 to 7.49
Second Class	= CGPA of 5.00 to 5.99

10 Transcript:

The transcript issued to the student at the time of leaving the University will contain a consolidated record of all the courses taken, credits earned, grades obtained, SGPA, CGPA and class obtained.

Appendix – I

Details of BBA – General Programme Structure, Credit Requirements and Specialisation

A1. Programme Structure

- A1.1 The programme is structured into *six semesters*, consisting of classroom contact-based work and *Organization Attachment Programme*.
- A1.2 Each semester will be for a minimum of *90 working days* for classroom work, covering classroom contact sessions, laboratory/tutorial/library/group work, case discussions and presentation, field-based as well as library/internet search-based assignments and projects, classroom exercises, management and simulation games, short quizzes, and class tests. The duration for any organizational attachment/training during the semester and final University examinations will be in addition to the 90 working days.
- A1.3 *Organization Attachment Programme* will be for a minimum duration of 45 working days and will commence at the end of the fourth semester classroom work.
- A1.4 The structure of the BBA programme is as shown in the following figure:

Figure A1: BBA - General Programme Structure

A2. Credits

- A2.1 Any student of the BBA (General) programme who earns 130 credits by pursuing the prescribed course work and passing all tests, examinations, assignments, laboratory work, projects and all other evaluation components as per the passing standards of the University will be eligible for the award of the Bachelor of Business Administration (BBA) - General degree.

A2.2 A credit for the BBA programme will mean fifteen (15) classroom contact sessions of sixty (60) minutes each or fifteen (15) laboratory/ tutorial/ library/ group work sessions of two hours (120 minutes) each, pursued over a semester. With a minimum of 90 working days spread over about 15 weeks at an average of 6 working days per week, a credit will mean, on an average, one classroom contact session of sixty (60) minutes or one laboratory/ tutorial/ library/ group work session of two hours (120 minutes) per week.

A2.3 The current distribution of credits over the Three-year period for classroom contact sessions and laboratory/ tutorial/ library/ group work sessions will be as follows:

TableA2: Semester-wise Distribution of Credits

Sl. No.	Semester	Number of Credits
1	Semester - 1	18
2	Semester - 2	20
3	Semester - 3	24
4	Semester - 4	21
5	Semester - 5 (Including Organization Attachment Programme) (20+4)	24
6	Semester - 6	23
	Total Credits	130

A2.4 All courses shown in the list of courses are compulsory for all BBA (General) students. However, students will have the option of pursuing a total of five elective courses of four credits each, from the given elective streams out of the given list and one Grand Project during sixth semester.

A2.5 Some courses will have only classroom contact sessions and some others will have tutorial/ laboratory/ library/ group work sessions, as shown in the list of courses.

A3. Specialisation / Concentration in Functional Areas

A3.1 The institute will offer courses of specialisation in the following functional areas / streams of management:

Table A3: Areas/Streams of Specialisation/ Concentration

Functional Areas of Management
• Marketing Management • Finance • Human Resource Management

The Institute will endeavour to offer specialisation in as many areas/streams as possible from the above list. However, any specific area/ stream of specialisation/ course will be offered by the Institute during any year only if about twenty-five percentages of the students opt for it and if the faculty resources are available.

A3.2 Any student can claim to have specialised in a particular area/ stream if he has successfully completed

- (i) At least two courses (amounting to a minimum of eight credits) in the area/ stream by taking electives offered in the area/ stream during the fifth and sixth semesters of the programme, and
- (ii) One project of five credits in the area/stream during the sixth semesters of the programme.

A3.3 Every student has to opt for specialisation in only one functional area of management for the award of BBA (General) degree.

A4. Sectoral Electives

A4.1 The institute will offer courses of in the following Sectoral areas of management:

Table A3: Sectoral Areas

Sectoral Areas of Management
• Information Technology and Analytics • Tourism and Hospitality

The Institute will endeavour to offer course in as many areas/streams as possible from the above list. However, streams / course will be offered by the Institute during any year only if about twenty-five percentages of the students opt for it and if the faculty resources are available.

A4.2 Any student can claim to have an understanding in particular sector if he has successfully completed

- (iii) At least two courses (amounting to a minimum of four credits) in one specific sector offered in the area/ stream during the fifth and sixth semesters of the programme
- (iv) A student may opt for only one sectoral elective out of four sectoral offered by the institute by taking one course in semester V and VI.

A4.3 However, no student will be allowed to specialise in more than one functional area / stream and / or Sectoral area of management.

A5. Courses, Curricula and Revision

A5.1 The Faculty Board of the Faculty of Management Studies and the Dean of the Faculty of Management Studies will keep the curricula current and in tune with the changes happening in the world of management and make it relevant to the needs of different organs of society.

A5.2 The review of the programme, its structure, the course curricula, pedagogy and evaluation will be undertaken by the individual Boards of Studies at least once in every two years.

Total Credit for the Semester:				22
Total Credit for the BBA General Program:				129

Note:

1. Procedure for Selection of Stream of Specialization and Courses

Step: 1 – Selection of Stream of Specialization (Only One for the Programme)

A student must choose any one stream of specialization out of the offering. The stream so chosen by the student will remain same for Semester – V, and VI. Under no circumstances, the stream of specialization can be changed.

Step: 2 – Choice of Courses in Semester - V

From the stream so chosen (as mentioned in Step: 1), the student has to choose any 02 (two) courses out of 03 (three) options available. The total credit that can be obtained in Semester-V for specialization courses will be 2 courses x 4 credits = 08 Credits.

Step: 3 – Choice of Courses in Semester – VI

A Student has to repeat Step: 2 in Semester – VI and will have to choose 02 (two) more courses out of 03 (three) in the same stream / area of specialization that he / she has selected during the start of Semester – V. The total credit that can be obtained in Semester-VI for specialization courses will be 2 courses x 4 credits = 08 Credits.

2. Rules for offering Elective Stream / Courses

- Minimum 25% of students must have opted for a particular course.
- Based on availability of faculty.

Bachelor of Business Administration (BBA) - General Programme

SYLLABI (Semester – III)

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

BMG301: FINANCIAL MANAGEMENT
YEAR 2, SEMESTER – III

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
04	Theory	04	60

Rationale

Financial management provides pathways to attain goals and objectives in an organization. The key role of a financial manager is to measure organizational efficiency through proper allocation, acquisition and management. It assists in acquiring funds from different sources. Helps in investing an appropriate amount of funds. Financial management assists in increasing organizational efficiency. Enabling the management in cutting down financial costs by reducing cost of funds, it helps in achieving financial goals of an organization. CFO/Finance Manager always ensures optimum utilization of funds. It helps business firm to take financial decisions and preparing guidelines for earning maximum profits with minimum cost. Management gets significant information through financial reporting

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Introduction to Financial Management	07
2	Business Finance	09
3	Cost of Capital	11
4	Leverage Analysis	11
5	Financial Statement Analysis	10
6	Investment Appraisal	12
Total Contact Hours		60

Course Syllabus

Module 1: Introduction to Financial Management

07 hours

Forms of business Organization, Financial decisions, Scope of financial Management, Profit maximization objective vs. wealth maximization objective

Module 2: Business Finance

09 hours

Short term Sources of Raising Finance, Long term Sources of Raising Finance, Modern Sources of Funds

Module 3: Cost of Capital

11 hours

Meaning and significance of cost of capital, Explicit cost and Implicit cost, Cost of Debt, Cost of Preference Shares and Cost of Equity, Weighted Average cost of capital (WACC)

Module 4: Leverage Analysis

11 hours

Meaning and concept of Leverage, Benefits and Drawbacks of Leverage, Computation and inferences of Degree of Operating Leverage, Financial Leverage and Combined Leverage

Module 5: Financial Statement Analysis

10 hours

Comparative Statements, Common Size Statements, Trend Analysis

Module 6: Investment Appraisal

12 hours

Evaluating Investment Proposals for decision Making, Non-Discounted cash flow methods, Discounted cash flow methods

Course Evaluation

I. Continuous and Comprehensive Evaluation (30 Marks)

Component	Marks
Quiz	80
Assignment/ Project/ Presentation	90
Online Course	60
Internal Examination	40
Participation	30
Total marks (CCE)	300

II. Semester End Evaluation (70 Marks):

- University Examination will be carried out at the end of the semester.
- Theory examination will be for 3 hours based on written paper for 70 marks.

Text Book:

1. Prasanna Chandra, Fundamentals of Financial Management (Latest edition), Tata McGraw Hill

Reference Books:

1. Khan and Jain, Financial Management (Latest edition), Tata McGraw Hill
2. I.M. Pandey, Financial Management (Latest edition), Vikas Publishing House
3. Shashi K. Gupta, R.K. Sharma, Financial Management Theory and Practice (Latest edition), Kalyani Publishers

Programme Outcomes: Upon successful completion of the course, students will be,

PO1	Analyze contemporary issues and apply management knowledge for resolution.
PO2	Practice effective communication and interpersonal skills.
PO3	Understand Global Perspectives and exhibit Cross-Cultural sensitivity.
PO4	Demonstrate Attitude for continuous learning and development.

Course Outcomes: Upon successful completion of the course, students will be,

CO1	Understanding important financial decisions concerning; financing, investing, dividend, and liquidity.
CO2	Potential to make decisions with regard to maximizing wealth.
CO3	Assists organizations in planning, acquisition and optimum utilization of funds.
CO4	Analyzing and interpreting financial statements to provide an optimum business solution.
CO5	Effective investment appraisal through several tools and techniques enabling the organization to achieve its long-term goals.

BMG304: IT IN BUSINESS MANAGEMENT YEAR 2, SEMESTER – III

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
04	Theory	04	60

Rationale

In today's scenario, Information Technology (IT) is essential for each and every individual unit of any businesses. These technologies are used to integrate, design and collaborate the various functional areas of business through devices, software's and applications to work in effective and efficient way. Thus, this curriculum course structure enhances the student is able to design, deploy and implement an effective management Information system through the use of various IT components to give an organization a competitive advantage globally.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Fundamentals of Computer and Technology	10
2	Text processing using MS Word	14
3	Spreadsheet application	12
4	Introduction to MS PowerPoint Software	12
5	Email, Internet and Multimedia Security	08
6	Contemporary Issues / current affairs	04
Total Contact Hours		60

Course Syllabus

Module 1: Fundamentals of Computer and Technology **10 hours**

Fundamentals of Computer; Data, Information, Data Processing, Input, Process, Output in business, Role of Hardware and Software in computing, I.T., Features and impact of I.T. on business, Historical Background of Development of computer field in Business

Module 2: Text Processing using WORD **14 hours**

Text Processing; Meaning and role of word processing, Documents in MSWORD, features of MSWORD, Creation and saving of word document, searching a document, opening, closing, printing a document, Copying, Moving and Cutting Text in Word, Cut, Paste, moving text between documents, Changing case, Fonts, Applying Bold

Module 3: Spreadsheet application **11 hours**

Creating/Saving and editing spreadsheets, Drawing charts, Using Basic Functions: text, math & trig, statistical, date & time, database, logical, Using Advanced Functions: Use of VLOOKUP, Data analysis – sorting data, filtering data (AutoFilter, Advanced Filter), data validation, what-if analysis (using data tables/scenarios), creating sub-totals and grand totals, pivot table/chart, goal seek/solver.

Module 4: Introduction to MS PowerPoint Software **12 hours**

Creating a presentation with minimum 20 slides with a script. Presenting in, different views, Inserting Pictures, Videos, Creating animation effects on them, Slide Transitions, Timed Presentations

Module 5: Email, Internet and Multimedia Security **08 hours**

Introduction to Email, Writing professional emails, Creating digitally signed documents, IT Risk: Definition, Measuring IT Risk, Risk Mitigation and Management, What is multimedia? , Multimedia computer systems, Multimedia components, Multimedia application

Module 6: Contemporary Issues **04 hours**

Understand the Current issues using MS office with various Cases and Current issues

5.	Contemporary Issues and Practices in Creativity and Problem Solving	
	Total hours (Theory):	--
	Total hours (Practical):	30
	Total hours (Lab) :	--
	Total hours :	30

Detailed Syllabus:

1.	Introduction to Creativity, Problem Solving and Innovation	06 Hours	20%
	Definitions of Creativity and Innovation, Need for Problem Solving and Innovation, Scope of Creativity in various Domains, Types and Styles of Thinking, Strategies to develop Creativity, Problem Solving and Innovation skills		
2.	Questioning, Learning and Visualization	6 Hours	20%
	Strategy and Methods of Questioning, Asking the Right Questions, Strategy of Learning and its Importance, Sources and Methods of Learning, Purpose and Value of Creativity Education		

	in real life, Visualization strategies - Making thoughts Visible, Mind Mapping and Visualizing Thinking		
3.	Creative Thinking and Problem Solving	6 Hours	20%
	Creative Thinking and its need, Strategy of Thinking Fluency, Generating all Possibilities, SCAMPER Technique, Divergent Vs Convergent Thinking, Lateral Vs Vertical Thinking, Fusion of Ideas for Problem Solving, Applying strategies for Problem Solving		
4.	Logic, Language and Reasoning	6 Hours	20%
	Basic Concepts of Logic, Statement Vs Sentence, Premises Vs Conclusion, Concept of an Argument, Functions of Language: Informative, Expressive and Directive, Inductive Vs Deductive Reasoning, Critical Thinking & Creativity, Moral Reasoning		
5.	Contemporary Issues and Practices in Creativity and Problem Solving	6 Hours	20%
	Cognitive Research Trust Thinking for Creatively Solving Problems, Case Study on Contemporary Issues and Practices in Creativity and Problem Solving		

Instruction Methods and Pedagogy

The course is based on practical learning. Teaching will be facilitated by Slides Presentations, Reading Material, Discussions, Case Studies, Puzzles, Ted Talks, Videos, Task-Based Learning, Projects, Assignments and various Individual and Interpersonal activities like, Critical reading, Group work, Independent and Collaborative Research, Presentations, etc.

Evaluation:

There will be no end semester university examinations. Students will be evaluated continuously in the form of internal as well as external evaluation. The evaluation is schemed as 30 marks for internal evaluation and 70 marks for external evaluation. The concerned teacher shall evaluate students distribute the marks (out of 30 as Internal and out of 70 as External) and submit them.

Evaluation Scheme

The students' performance in the course will be evaluated on a continuous basis through the following components:

Sl. No.	Component	Number	Marks per incidence	Total Marks
1	Attendance	100 %	--	20
2	Individual Activity Participation	As stipulated by the Resource Person(s) in the Training		20
3	Group Activity Participation			20
4	Presentation			30
5	Feedback on Improvement			10
Total				100

Course Outcome (COs):

At the end of the course, the students will be able to

CO1	Demonstrate creativity in their day to day activities and academic output.
CO2	Solve personal, social and professional problems with a positive and an objective mindset.
CO3	Think creatively and work towards problem solving in a strategic way.
CO4	Initiate new and innovative practices in their chosen field of profession.
CO5	Give logical ideas, opinions, and solutions to problems.
CO6	Think critically over the situation and drawing conclusion.

BM231: BANKING AND INSURANCE YEAR 2, SEMESTER – III

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)	Course Classification
02	Practical	02	30	University Elective

Rationale

Banking and Insurance sector witness a robust growth in the financial service market. Due to advent of digital technologies coupled with favourable regulatory environment, financial institutions have developed capabilities to offer wide variety of products and services to the customers. This course will enable the students to understand the different banking and insurance products and services along with brief overview of banking and insurance sector outlook in India.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Introduction to Indian Banking Sector	05
2	Bank Management	05
3	Overview of Retail Banking	05
4	Payment and Settlement System	05
5	Introduction to Insurance Sector	05
6	Marketing of Banking and Insurance Services	05
Total Contact Hours		30

Course Syllabus

Module 1: Introduction to Indian Banking Sector **05 hours**

Evolution of Banking, Reserve Bank of India and its roles in Indian financial sector, Brief Structure of Banks, Commercial Banking and Universal Banking, Types of Customers

Module 2: Bank Management **05 hours**

Sources and Uses of Funds in Banks, Value Chain Analysis in Banking Industry, Leveraging New Technologies in Banking, Methods of Credit Control & Credit Creation, Financial Statements of Bank

Module 3: Overview of Retail Banking **05 hours**

Retail Banking –Concept and Importance, Retail Banking Products (Liability focused segment), Retail Banking Products (Asset focused segment)

Module 4: Payment and Settlement System **05 hours**

Payment & Settlement System – New Age Clearing (SI, ECS), Payment & Settlement System – National Gateways (RTGS, NEFT), Digital Financial Services: Unified Payments Interface (UPI), Digital Wallets (E-Wallets), IMPS etc.

Module 5: Introduction to Insurance Sector **05 hours**

Concept of Insurance: Relevance of Insurance, IRDAI and Its role, Principles of Insurance, Types of Insurance services (Life Insurance and General Insurance), Different product offerings under life and general insurance and its tax implications.

Module 6: Marketing of Banking and Insurance Services **05 hours**

Marketing Strategy of Banking and Insurance Services, SERVQUAL Model, Role of technologies in Banking and insurance service offerings

Course Evaluation

I. Continuous and Comprehensive Evaluation (30 Marks)

- The Internal Evaluation Component shall be shared by the course coordinator.

II. Semester End Evaluation (70 Marks):

- University Examination will be carried out at the end of the semester.
- Practical examination will be based on project or report presentation and viva-voce examination or software based analysis depending on the nature of the course.

Text Book:

1. Indian Institute of Banking and Finance, Principles and Practices of Banking (Latest Edition), Macmillan Education, ISBN: 978-9387687240.

Reference Books:

1. Indian Institute of Banking and Finance, Retail Banking, (Latest Edition), Macmillan Education, ISBN: 978-9388175838
2. Indian Institute of Banking and Finance, Bank Financial Management, (Latest Edition), Macmillan Education, ISBN: 978-9387000650

Programme Outcomes: Upon successful completion of the course, students will be,

PO1	Analyze contemporary issues and apply management knowledge for resolution.
PO2	Practice effective communication and interpersonal skills.
PO3	Understand Global Perspectives and exhibit Cross-Cultural sensitivity.
PO4	Demonstrate Attitude for continuous learning and development.

Course Outcomes: Upon successful completion of the course, students will be,

CO1	Understand the basic concept of banking and insurance as a financial intermediation service and bank/insurance companies as a financial institution.
CO2	Explore various functions and services offered by banking and insurance companies
CO3	Analyze the financial statements of banks for decision making
CO4	Explore the role of technology in banking and insurance product offerings and marketing.

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

BMG401: FUNDAMENTALS OF RESEARCH YEAR 2, SEMESTER – IV

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
04	Theory	04	60

Rationale

Managers have to deal with important decision making. Decision making is a complex process of choosing the alternative solution to resolve any problem and in this problem solving, research play important role to help and generate viable alternatives for effective decision making. This curriculum course structure of ‘Fundamentals of Research’ is developed such that the student would be able to evaluate, identify the critical issues, gathering relevant information, analysing the data that would help in effective decision making and implementing the right course of action.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students’ prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Introduction to Research	09
2	Defining the Research Problem	11
3	Research Design	12
4	Sampling and Questionnaire Design and Construction	11
5	Measurement and Scaling, Data Collection and Preparation	12
6	Data Analysis with SPSS and Application of Research, Report Writing	05
Total Contact Hours		60

Course Syllabus

Module 1: Introduction to Research

09 hours

Meaning and Definition of Research, Objectives and Significance of Conducting Research, Types of Research, Typical Research Process, General Problems encountered by Researcher while conducting research, Criteria of Good Research, Literature Review and its Importance.

Module 2: Defining the Research Problem

11 hours

Understanding The Meaning of Research Problem, Research Field, Research Area and Research Topic, Identifying and selecting the research problem, Techniques Involved in Defining a Problem.

Module 3: Research Design

12 hours

Meaning and need of research design, Good Research design characteristics features, Important concepts related to research design, Types of research and related research design, Special Case of Experimental Research Design, Basic Principles and types of Experimental design.

Module 4: Sampling Design

11 hours

Introduction to sampling and sampling design, Sampling framework and important considerations, Types of sampling design, Sampling and Non sampling error.

Module 5: Measurement and Scaling, Data Collection and Preparation

12 hours

Qualitative and Quantitative Data and Measurement Scale, Classifications of Measurement Scale and its Bases, Techniques of Developing Measurement Scale, Goodness of Measurement Scale and Possible Sources of Measurement Scale, Questionnaire Designing, And different Approaches of data collection, Qualitative and Quantitative method of data collection Data Preparation (Editing, Coding, Classification, Tabulation)

Module 6: Data Analysis with SPSS and Application of Research, Report Writing

05 hours

Descriptive data analysis, Hypothesis testing Correlation, Chi-Square test, Analysis of Variance, Linear Regression analysis, Significance of Report Writing, Types of report writing, Steps in report writing

Course Evaluation

I. Continuous and Comprehensive Evaluation (30 Marks)

Component	Marks
Quiz	80
Assignment/ Project/ Presentation	90
Online Course	60
Internal Examination	40
Participation	30
4otal marks (CCE)	300

II. Semester End Evaluation (70 Marks):

- University Examination will be carried out at the end of the semester.
- Theory examination will be for 3 hours based on written paper for 70 marks.

Programme Outcomes: Upon successful completion of the course, students will be,

PO1	Analyze contemporary issues and apply management knowledge for resolution.
PO2	Practice effective communication and interpersonal skills.
PO3	Understand Global Perspectives and exhibit Cross-Cultural sensitivity.
PO4	Demonstrate Attitude for continuous learning and development.

Course Outcomes: Upon successful completion of the course, students will be,

CO1	Understand the Use of the research and literature review in understanding the problem situation
CO2	Interpret the information available in the problem situation
CO3	Evaluate companies' failure due to lack of research, thus the importance of research and other ways of obtaining the answers to the problems.
CO4	Evaluate the research design and appropriateness of the sampling design in a given context.
CO5	Interpret and choose the findings as a best solution to the identified problem.

BMG402: PROJECT MANAGEMENT AND OPERATIONS RESEARCH YEAR 2, SEMESTER – IV

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
04	Theory	04	60

Rationale

This course will explore the approaches and analyze strategic decisions in project management with a focus on designing products and processes, allocating scarce resources to strategic alternatives, and do long-range capacity and facility planning. These operations functions help in achieving the organization's long-range objectives. Project Management has emerged as a distinct area of management practices to meet the challenges of new economic environment, globalization process, rapid technological advancement, and quality concerns of the stakeholders. Operations research is an operations management strategy that uses mathematical methods to find the right decision among a series of potentials.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

3	Project Appraisal and Implementation	10
4	Linear Programming	10
5	Transportation and Assignment Problem	10
6	Queuing System	10
Total Contact Hours		60

Course Syllabus

Module 1: Introduction to Research

09 hours

Introduction to Project, Project Management, Projects and the Business Environment, Project Life Cycle, The Project Manager's Role and Responsibilities, Project Organizations.

Module 2: Defining the Research Problem

11 hours

Project Initiation and resource allocation, Market analysis, Demand analysis, Technical Analysis, Project Network, Representation, Network Diagram, Project Plan, Work breakdown structure.

Module 3: Research Design

12 hours

Financial Evaluation, Economic, Commercial, Social Cost Benefit analysis, Risk and Uncertainty, Project Control, Project Report, Project Termination.

Module 4: Sampling Design

11 hours

Definition, characteristics of LP, Problem formulation, Graphical solution, Simplex method

Module 5: Measurement and Scaling, Data Collection and Preparation

12 hours

Transportation problem: Formulation, optimal solution, Balanced transportation problem, Assignment problem, formulation, optimal solution, variants of assignment

Module 6: Data Analysis with SPSS and Application of Research, Report Writing

05 hours

Essential Features of a Queuing System, Performance Measures of a Queuing System, Classifications of Queuing Models and Their Solutions.

**BMG403: ENTREPRENEURSHIP DEVELOPMENT AND INNOVATION
MANAGEMENT
YEAR 2, SEMESTER – IV**

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
04	Practical	04	60

Rationale

The goals of this Programme are to inspire students and help them imbibe an entrepreneurial mindset. The students will learn what entrepreneurship is and how it has impacted the world and their country. They will be introduced to key traits and the DNA of an entrepreneur, and be given an opportunity to assess their own strengths and identify gaps that need to be addressed to become a successful entrepreneur.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Introduction to Entrepreneurship	10
2	Theories of Entrepreneurship and Entrepreneurial Motivation	10
3	Opportunity Identification and Developing Successful Business Idea	10
4	Environmental Analysis and Developing and Entrepreneurial Firm	10
5	Financing the Venture	10
6	Institutional Support to Entrepreneurship	10
Total Contact Hours		60

Course Syllabus

Module 1: Introduction to Entrepreneurship **10 hours**

Concept of Entrepreneurship, Factors impacting the emergence of entrepreneurship, Entrepreneur Vs Intrapreneur, Common Characteristics attributed to Entrepreneurs, Classification and Types of Entrepreneurs, Entrepreneurial Process, Barriers to Entrepreneurship, Entrepreneurship's Importance, Myths of Entrepreneurship.

Module 2: Theories of Entrepreneurship and Entrepreneurial Motivation **05 hours**

Economic, sociological and psychological theories of Entrepreneurship, Entrepreneurship Innovation theories: David McClelland's Theory of Achievement Motivation, Schumpeter's Theory of Innovation and Economic development, Peter Drucker's Theory of Entrepreneurship, Entrepreneurial Motivation- Internal and external factors, Testing Entrepreneurial Motivation and Behaviour.

Module 3: Opportunity Identification and Developing Successful Business Idea **05 hours**

Identifying and Recognizing Opportunities, Sources of New Venture Ideas, Idea Generation techniques, Creativity and Entrepreneurship, Entrepreneurial Innovation, Feasibility Analysis.

Module 4: Environmental Analysis Developing and Entrepreneurial Firm **15 hours**

Industry Analysis, Competitor Analysis, Business Plan: Concept and Outline of business plan, Business Model: Concept and components of business model, Preparing Ethical and Legal Foundation: Business license, Business permits and forms of Business Organization.

Module 5: Financing the Venture **10 hours**

Importance of getting financing or funding, Sources of Equity Funding, Sources of Debt Funding, Creative sources of Financing or Funding.

Module 6: Institutional Support to Entrepreneurship **15 hours**

SIDO, SISI, NSIC, SIDCO, DIC – their functions, SIDBI's Schemes, Incentives: Subsidy, Tax Concessions, Marketing and Export Assistance, Sickness – definition, symptoms, causes, Measures to prevent sickness in small units.

Module Number	Title of the Module	Contact Hours
1	Introduction to Taxation	05
2	Understanding five heads of income	05
3	Procedural aspects for Assessment & Filling of Return	05
4	Introduction to Goods and Service Tax (GST)	05
5	Taxation of Companies	05
6	An Overview of Tax Audit	05
Total Contact Hours		30

Course Syllabus

Module 1: Introduction to Taxation

05 hours

Introduction to, Income Tax Act, Taxation, Terminologies, Residential status and incidence of tax of an individual assessee CBDT and other governing bodies, their powers

Module 2: Understanding the Five heads of Income

05 hours

Salary - Its definition, place of accrual of salary, Basis of Charge, - Advance Salary, Arrear, Salary, Pension, Allowance, Perquisites, Deductions from salary, Income from House Property, Profit and Gain of Business or Profession, Capital Gain, Income from Other Source

Module 3: Procedural aspects for Assessment & Filing of Return

05 hours

Meaning of Assessment, Types of Assessment, Tax, deducted at Source (TDS), Advance Payment of Tax, Return of Income, Time for filling Return, Types of Income Tax Returns, Permanent Account Number (PAN)

Module 4: Introduction to Goods and Service Tax (GST)

05 hours

Overview and Genesis to GST, Features of GST and Structure of GST, Central GST (CGST), State GST (SGST) Integrated GST (IGST) Compliances

Module 5: Taxation of Companies

05 hours

Definitions: Company, Indian Company & Domestic Company, Computation of Tax Liability of Company, Minimum Alternate Tax (MAT), Computation of Book Profit Carry forward and set-off of tax credit

Module 6: An overview of Tax audit

05 hours

Tax Incentives and Export Promotions, Deductions and Exemptions

**BMG405: SEMINAR ON CONTEMPORARY MANAGEMENT ISSUES IN
MANAGEMENT
YEAR 1, SEMESTER – IV**

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)
03	Practical	03	45

Rationale

Major, ongoing change is the distinguishing characteristic of the business environment worldwide and it affects how contemporary organizations operate and deal with change. Organizations still need to do more with less. In addition, they need to provide for the needs of customers who, with more exposure to local and global markets, have higher expectations relating to the cost, quality, speed and innovation of the services and products they purchase from these organizations. Due to this global need for managing change, 'new' forms of organization are replacing the 'old' traditional bureaucracy and presenting managers with unique challenges. Thus managers of contemporary organizations need to take a holistic view of the changes in their environments and need to apply a completely new set of skills. The approach towards contemporary management principles offered in this publication integrates discussions on vital managerial competencies and skills with information on traditional and essential managerial concepts that have been effective in the past and are still effectively used today in many business organizations.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Contemporary Managerial Challenges	07
2	Management of Technological Innovations	07
3	Management of Faith based Organizations	08
4	Leadership and Diversity in Organizations	08
5	Non-profit and Volunteer Management	08

Note: The subtopics mentioned in the modules 2 and 3 are comprehensive. The faculty member can choose any 2 topics from module and 5 topics from module 3.

BMUD251: HEALTHCARE MANAGEMENT
YEAR 2, SEMESTER – IV

Credit	Component	Instruction/ Contact/ Practical Hours (Per Week)	Instruction/ Contact/ Practical Hours (Per Course)	Course Classification
02	Practical	02	30	University Elective

Rationale

The healthcare business is continuously evolving and growing; therefore, it is essential to stay abreast of the latest developments and manage every part of a hospital or other relevant facility. This course will introduce the students to concepts of management in the health care segment and expose them to several strategies to manage change within the health care industry. Further, it will help the students to understand day-to-day operations of a hospital or department, maintain relationships with stakeholders and handle any issues that arise in the health care sector.

Course Pedagogy

The course will emphasize self-learning and active classroom interaction based on students' prior preparation. The course instructor is expected to prepare a detailed session-wise schedule, showing the topics to be covered, the reading material and case material for every session. Wherever the material for any session is drawn from sources beyond the prescribed text-book, reference books, journals and magazines in the library, or from websites and other resources not accessible to the students, the course instructor should make the material available to the students well in advance, so that the students can come prepared for the classes. The pedagogical mix will consist of classroom sessions, assignments, presentations, management exercises or games/simulations or activities and student feedback.

Course Outline

Module Number	Title of the Module	Contact Hours
1	Introduction to Health care Systems in India	06
2	Hospital Operations Management	06
3	Health Care Economics, finance & Marketing	06
4	Health Care Information System	03
5	Entrepreneurship & Consultancy In Healthcare	06
6	Contemporary Issues	03
Total Contact Hours		30
